## PEACE CONGRESS ADOPTS WORLD LEAGUE PROJECT.

President Wilson and Col. House are Named American Members of Committee to Formulate Plans.

PARIS, Jan. 25.—(By Atlantic Cable and A. P.)

PARIS, Jan. 25.—The Peace Conference unanimously has adopted the League of Nations project.

When the second session of the full Peace Conference met this afternoon it was addressed by President Wilson on the subject of a League of Nations.

The present conference, the President added, could not complete its work until some further machinery of settlement should be set up.

At the Peace Conference this afternoon the permanent chairman, M. Clemenceau, read a resolution on the League of Nations to the effect that such a league was to be organized by international co-operation for the purpose of making secure international obligations and safeguarding the nations against war.

The session of the Peace Conference, which was held in the afternoon in the Salle de la Paix of the Foreign Office with the same imposing setting as the first session, but with little ceremony and the manifest purpose of business.

M. Clemenceau was again in the chair, with President Wilson and the full American delegation at his right, and Premier Lloyd George and the British delegation at his left.

The Peace Conference at its second session today considered the proposals for the formation of a League of Nations and afterwards made public the draft of the preliminary resolutions looking to the creation of the league.

The preliminary draft says that the league should have a permanent organization to carry on the business between meetings of international conferences of all the members.

It says that the conference should appoint a committee representative of all the governments to work out the details of the constitution and functions of the league.

The draft of the resolutions in regard to branches of the laws of war for presentation to the Peace Conference reads:

That a commission composed of two representatives apiece from the five great powers and five representatives to be elected by the other powers be appointed to inquire and report upon the following:

First, the responsibility of the authors of the war; second, the facts as to breaches of the laws and customs of war committed by the forces of the German Empire and their allies on land, on sea and in the air during the present war; third, the degree of responsibility of the various nations; fourth, the means of preventing future wars; fifth, the means of punishing those who violate the laws of war.

It may be said on the authority of those in a position to know that the British outline for a League of Nations very generally accords with the principles toward which the American group has been working.

That the quiet studies of men in laboratories, that the thoughtful developments which have taken place in quiet lecture rooms, have now been turned to the destruction of civilization? The powers of destruction have not so much multiplied, as they have gained facilities.

The enemy, whom we have just overcome, had at his seats of learning some of the principal centers of scientific study and discovery and he used them in order to make destruction and death complete. And only the watchful and continuous co-operation of men can see to it that science, as well as armed men, have now been turned to the destruction of civilization?

In a sense the United States is less interested in this subject than the other nations here assembled. With her great territory and her extensive sea border, it is less likely that the United States should suffer from the attack of enemies than that other nations should suffer.

And the order of the United States, for it is very deep and genuine, is not an ardent springing out of fear or apprehension, but an ardent springing out of the ideals which have come in the consciousness of this war.

## FOCH'S WISDOM IN ARMISTICE.

PARIS, Jan. 25.—(Havas.) Marshal Foch rendered the Allied Powers a valuable service when he placed before the Supreme Council his report on his negotiations with the German representatives at the time of the renewal of the armistice, says the Echo de Paris today, commenting on plans for the demobilization of the various armies on the basis of a mutual understanding.

His report, the newspaper declares, pointed the way toward a proper and wise method, for he laid emphasis upon the fact that the coming peace must not merely be a written one, but one in actuality—in other words, that it must be a peace imposed upon the enemy and that sufficient mobilized military power should be maintained to enforce it.

"Germany," continues the article, "has not yet completely surrendered. She is seeking for accomplishments and cannot yet ultimately find and find such. The governments, therefore, should not demobilize their forces without a common understanding. This course, if persisted in, would rapidly lessen the value of the peace treaty."

"The powers should come to an understanding as to the forces which they intend maintaining in Germany. Such an understanding is essential to the preservation of a proper state of things both in Europe as a whole and in France in particular, as France cannot bear indefinitely the mortgage of disproportionate military responsibilities."

## PLAIN PEOPLE RULE WORLD, SAYS WILSON.

NO LEAGUE OF NATIONS THAT DOES NOT SATISFY THEM CAN LAST, HE DECLARES.

PARIS, Jan. 25.—Following is President Wilson's address before the Peace Conference today:

Mr. Chairman: I consider it a distinguished privilege to be permitted to open the discussion in this conference on the League of Nations. We have assembled for two purposes—to make the present settlements which have been rendered necessary by this war, and also to secure the peace of the world, not only by the present settlements, but by the arrangements we shall make at this conference for its maintenance.

The League of Nations seems to me to be necessary for both of these purposes. There are many complicated questions connected with the present settlements, which perhaps cannot be successfully worked out to ultimate issue by the decisions we shall arrive at here. I can easily conceive that many of these settlements will need subsequent consideration, and that many of the decisions we shall make shall need subsequent alteration in some degree, for if I may judge by my own study of some of these questions they are not susceptible for confident judgments at present.

It is therefore necessary that we should set up some machinery by which the work of this conference would be rendered complete.

REPRESENT PEOPLE.  
We have assembled here for the purpose of doing very much more than making the present settlements that are necessary. We are assembled under very peculiar conditions of world opinion. I may say, without straining the point, that we are not the representatives of governments, but representatives of the peoples.

The burdens of this war have fallen in an unusual degree upon the whole population of the countries involved. I do not need to draw for you the picture of how that burden has been thrown upon the shoulders of the people.

The very pulse of the world seems to beat to the fullest in this enterprise.

reach, but where the heart of humanity beats.

We are aided by these people to make a peace which will make them secure. We are bidden by these people to see to it

## PRESIDENT'S PLEA POINT BY POINT.

It will not suffice to satisfy governmental circles anywhere. It is necessary that we should satisfy the opinion of mankind.

The real strain of the war has come where the eye of the government could not reach, but where the heart of humanity beats.

The powers of destruction have not so much multiplied as they have gained facilities as they have gained facilities for the perpetration of war.

and only the watchful and continuous co-operation of men can see to it that science, as well as armed men, have now been turned to the destruction of civilization?

The order of the United States is not an ardent springing out of fear or apprehension, but an ardent springing out of the ideals which have come in the consciousness of this war.

The United States should feel that its spirit should be played in vain if there ensued upon it abortive European settlements.

We must concern our best judgment in order to make the League of Nations a vital thing, to keep watch upon the common interests, an eye that did not slumber, an eye that was everywhere watchful and attentive.

The fortunes of mankind are now in the hands of the plain people of the whole world.

Fall to satisfy their and no arrangements you can make will either set up or steady the peace of the world.

We (representatives of the United States) are here to see that every people in the world shall choose its own masters and govern its own destinies, not as we wish, but as they wish.

The very pulse of the world seems to beat to the fullest in this enterprise.

reach, but where the heart of humanity beats.

We are aided by these people to make a peace which will make them secure. We are bidden by these people to see to it

that this strain does not come upon them again. And I venture to say that it has been possible for them to bear this strain because they hoped that those who represented them could get together after this war and make such another sacrifice unnecessary.

It is a solemn obligation on our part, therefore, to make permanent arrangements that justice shall be rendered and peace maintained.

CENTRAL OBJECT.  
This is the central object of our meeting. Settlements may be temporary, but the action of the League of Nations in the interest of justice must be permanent.

We can set up permanent processes. We may not be able to set up a permanent decision.

Therefore, it seems to me that we must take so far as we can a picture of the world into our minds. Is it not a startling circumstance, for one thing, that the great discoveries of science, that the quiet studies of men in laboratories, that the thoughtful developments which have taken place in quiet lecture rooms, have now been turned to the destruction of civilization?

The powers of destruction have not so much multiplied, as they have gained facilities.

The enemy, whom we have just overcome, had at his seats of learning some of the principal centers of scientific study and discovery and he used them in order to make destruction and death complete. And only the watchful and continuous co-operation of men can see to it that science, as well as armed men, have now been turned to the destruction of civilization?

## ROUT PORTUGUESE MONARCHISTS.

MADRID, Jan. 25.—The republicans have captured Monforte Hill, with a large number of monarchist prisoners, according to Lisbon dispatches. The remainder of the monarchists are in flight, leaving their artillery behind. Among the prisoners were Ayres Ornelas, representative of former King Manuel, Count Monseu, chief of the "Integralists," was killed.

Republican forces at Coimbra have marched northward and defeated the monarchists at Aveiro.

LISBON, Jan. 25.—An official statement issued tonight says the insurgents tried in vain to induce the people of Viana, Castelo and Valencia to rise.

The insurgents of Lisbon have been dislodged from Monforte Hill, the statement points out, that we are being pursued by republican troops. Other republican troops, concentrated in Edward VII Park and at other points, are cooperating in the pursuit of the fugitives. The rest of the country is calm.

Lisbon garrison, commanding the city, has resigned because he was unable to make certain units leave their barracks. Gen. Cortal, commanding the entrenched camp, and Lieut.-Col. Cuna, Chief of Staff, have also resigned.

Travelers who have arrived here from Oporto say that a military airplane flew over the city Thursday and dropped proclamations warning foreign citizens to leave the city.

## Buy Now, Save Money

There will never be another time like the immediate present to buy New Vermont Square lots.

They are real bargains at present prices.

But they will advance \$50 to \$100 a lot February 22nd, and continue to advance until pre-war prices are restored.

New Vermont Square lots stand out by themselves in comparative value and desirability as residence property.

They are the choice of the new Southwest residence district.

The location, completeness of all public utilities and service, the way they are kept clean and the enforced restrictions make them so. They are in the midst of the educational and recreational center of Los Angeles.

There are 478 beautiful Colonial and bungalow homes, almost entirely occupied by owners.

No Los Angeles subdivision ever held anywhere near an equal record for number of homes built to lots sold.

There are a number of houses building, some of which are for sale by individual builders. We invite you to look at both lots and houses, though we do no building ourselves.

We invite builders to come in and talk over the opportunity for making money building houses in New Vermont Square.

The time is right. Both builder and purchaser should act at once. There are not enough houses to go around and lot prices are advancing.

When New Vermont Square lots are gone, where can you find equally desirable property even though you pay more money?

We offer attractive building discounts on certain lots.

Those who wish to purchase lots as an investment or who do not wish to build at once may avail themselves of the Shepherd Plan guarantee, a written agreement by which you may return the lots at the end of one year and receive all your money and taxes back with 6 per cent. interest, if you would rather have it than the property.

Drive over and look the property over. Ask the people who live there about the value of New Vermont Square lots compared to any other property.

New Vermont Square is clearly indicated by the street signs. It lies between Santa Barbara and Vernon avenues and between Western and Van Ness avenues.

Call Monday, Tuesday or Wednesday at 9:30 a.m. or 2 p.m. and take a trip over the property. Also call at office for maps, prices, special discounts and building discounts.

## MILLIONS STILL THINK WAR'S ON

Inhabitants Beyond Caspian are Yet Truculent.

Vastness of Task Ahead of League of Nations Shown.

British Maintain Huge Forces in Asia, East Europe.

[ATLANTIC CABLE—EXCLUSIVE DISPATCH.]

LONDON, Jan. 25.—The vastness of the task before the league of nations in restoring order in Eastern Europe and Asia is illustrated by the amount of work which the British army still has to perform.

More than two months after the armistice there are in the region beyond the Caspian inhabitants who do not know that the war is over and have recently been informed that German submarines have sunk 20,000 British troops in the Caspian. As a large number of German and Austrian troops are there, as well as a force of Bolsheviks, the British have their hands full in protecting the peaceful tribesmen.

To maintain communication with this force and also to see that the armistice terms are carried out it is necessary to keep other British garrisons in the region north of the Caucasus while in Sicily there is still another force. They are needed there especially on account of the Armenians.

The Turks are showing the old truculent spirit toward that unfortunate race. They do not seem to realize that they have been defeated and it is only the convincing presence of the khaki detachments that prevents them from continuing the old system of oppression and extermination.

Farther to the southeast in Mesopotamia a considerable part of the expeditionary force remains and will have to remain. Here, after the lapse of centuries, good government has been introduced as the result of war, and it is absolutely necessary in order to be maintained that some civilized nations hold the reins of power.

The natives are split into many mutually hostile tribes, and even much restraining hand has been withdrawn.

Moreover, the British have, in the last three years made great improvements. Basra has been made into a port with every modern facility. Navigation of the rivers has been improved. Hundreds of miles of railway have been constructed. Baghdad has been transformed into a prosperous city and improvements in irrigation in addition to the increase in security have enormously increased agricultural production. If the British were to withdraw all these developments would fall into ruin.

Meanwhile in Eastern Europe the British forces are engaged in international police work and are occupying a number of points, the ultimate ownership of which will be decided by the Peace Conference. It will certainly not be awarded to England. A division of the Russian force is thus stationed near the Danube and another is garrisoning Dobruja in the zone between the Rumanians and Rumanians.

A battalion of the Essex regiment has taken temporary charge of Scutari in Northern Albania. A battalion of the Yorkshire and Lancashire regiment is looking after Plume and another honorable artillery company is in Northern Tyrol. In addition there are 25,000 British troops in Northern Russia.

British commitments in lesser theaters of the war are therefore by no means limited. The peace conference is anxious to reduce them, but it cannot do so until the Peace Conference has decided what is to be done with all these lands.

SAY CROMWELL TWINS WERE ON LA LORRAINE

[BY ATLANTIC CABLE AND A. P.] PARIS, Jan. 25.—The American Red Cross headquarters here, in answer to inquiries, says it has been informed that the Misses Dorothea and Gladys Cromwell sailed on the French steamer La Lorraine. Friends of the twin sisters accompanied them to the pier.

The officers in charge of the Red Cross party on board the ship sent by wireless to the Red Cross a copy of the note found in the steamroom occupied by the sisters, in which they said they intended to commit suicide.

The Commissioner of Police at Bordeaux confirms the report of the suicide of Misses Gladys and Dorothea Cromwell.

## Suffragist Off to Peace Conference.

State Commissioner Holds Phone Rates Illegal.

Company Denies Authority of Board to Fix Tariff.

Responsibility for Intrastate Costs is Sought.

[BY A. F. DAY WIRE.]

SAN FRANCISCO, Jan. 25.—Charges that Postmaster-General Burleson repudiated his own orders to the California State Railroad Commission in establishing Federal rates in intrastate telephone business were made by President Edgerton of the commission here today, when that body demanded in a public hearing why the Pacific Telephone and Telegraph Company put the Federal rates into effect in apparent violation of the State Public Utility Act.

"We have been requested in a letter dated September, 1918, by Postmaster-General Burleson to pass upon the question of rates, and yet an order made by the commission in the pursuance of its usual functions is disobeyed on the alleged instructions of the Postmaster-General," Mr. Edgerton said.

"The situation which confronts us is that the same authority which denies our jurisdiction over telephone rates asks us to increase telephone rates. It is of great importance that responsibility for fixing rates be definitely located so that the public may know at all times to which it may appeal."

PUBLIC CONCERNED. "It is a matter of grave public concern if today in California the law is being openly violated either by an officer of the Federal government or by any public utility."

The hearing was called to enable the telephone company to show cause why it should collect the Federal rates in apparent violation of the public utility act, which gives the commission the sole rate-making power of the State.

Had the Federal telephone rates not been put into effect the Pacific Telephone and Telegraph Company would have had to use the State of Washington for a \$750,000 and Oregon for a \$650,000 increase this year, J. D. Shaw, general counsel for the company here, told the commission. The Burleson schedule will increase the California income by \$600,000, he said.

"I am appearing for both the government and the company," Shaw explained when Edgerton asked him if he was not speaking for Mr. Burleson.

It suggested that the commission co-operate with the Federal government and work out the details of the Federal plan rather than oppose Mr. Burleson's power to declare these rates," Shaw said.

TO IGNORE ORDERS. "The commission to ignore the commission's orders on Federal rates as long as the Burleson tariffs remain in effect," Horace Pillsbury of counsel for the company, told the committee.

Reviewing the relation that the company bore toward the government, Shaw said that the company would have lost \$440,397 in California this year had the commission's rates remained in effect. "The company has been guaranteed a return of \$4,525,231 in its contract agreement with the government," Shaw said.

The government bulletin establishing the new rates was given in its application, W. A. Wilson, telephone rate expert for the commission, testified.

A recess until Monday morning was taken at noon. George E. McFarland, president of the company, was to testify some time Monday, it was announced.

Following the hearing, the commission announced it had ordered the company to refrain from putting into effect toll rates established by the commission between San Bernardino, Highland, Colton, Rialto and other Southern California points. This was done because the establishment of toll rates automatically would place the district under the Burleson order, whereas free tolls would not be affected, it was explained.

## BOLSHEVIST FLEET SUNK.

Attempt to Bombard Reval Results in Complete Disaster to Reds.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Friday, Jan. 24.—(British Wireless Service.) Bolshevik attempts to bombard Reval, capital of Estonia, from the sea, have resulted in complete failure, according to reports. Every vessel in the fleet is said to have been sunk.

Riga, saved from attack by Bolsheviks and from disorders within the city by a British fleet, which was sent into the Baltic late in December for the purpose of assisting British refugees to leave Russia.

Men on board the British warships said the threat of bombardment was for the most part, a "bluff," as the most the fleet could have done would have been to smash up the town. It had the desired effect, however, and the commander of the warships was able to take away every British subject in safety.

BOLSHEVIST TAKE UFA. [BY ATLANTIC CABLE AND A. P.] OMSK, Monday, Jan. 24.—Ufa has fallen to the Bolsheviks, the Russian capital of Bashkiria, and Czechoslovak forces there being said to be chiefly due to the failure of arms.

The Czechoslovak forces, which defended the city, have fallen back to Zlatoust, 140 miles to the northeast, where they are making a courageous stand in the gorges of the Ural country. Thousands of rifles have arrived at the front and have been rushed to Chelabinsk, which is not believed to be in danger.

Military experts here realize that the weak points on the Ural front are between Ufa and Chelabinsk and farther south, at Orenburg, where Gen. Duffort's Cossacks are reported to be worn out by constant pressure.

Unconfirmed reports received in London, January 23, stated that Orenburg had been taken by the Bolsheviks.

BOLSHEVIST REORGANIZE. Farther north Bolshevik forces have been back from Perm when Gen. Gaida's Siberian and Czechoslovak troops took that city have been reorganized and are reported to be fighting desperately along the Kama River.

The Bolsheviks are reported to be attempting an advance to the south, Gen. Julius Janin, commander of the Czechoslovak army, in charge of military affairs and with Gen. Knox in the direction of Ekaterinburg. In spite of the fact that the Russian troops and their comrades are without sufficient clothing and have suffered great hardships, it is believed here that the Czechoslovak army, in charge of military affairs and with Gen. Knox in the direction of Ekaterinburg, is looking after the equipment of the forces, the situation in this section is favorable.

ALLIES RETIRE. [BY A. F. DAY WIRE.] WASHINGTON, Jan. 25.—Retirement of the Allied forces holding advanced positions in the Archangel sector before attacks by superior forces of Bolsheviks, is reported in an official dispatch dated last January 23, the substance of which was made public today by Gen. March.

The points attacked by the enemy lay generally about 100 miles from Archangel. Gen. March said the inter-Allied commander there had adequate troops to reinforce advanced elements and to handle the situation.

[BY A. F. DAY WIRE.]

SAN FRANCISCO, Jan. 25.—Charges that Postmaster-General Burleson repudiated his own orders to the California State Railroad Commission in establishing Federal rates in intrastate telephone business were made by President Edgerton of the commission here today, when that body demanded in a public hearing why the Pacific Telephone and Telegraph Company put the Federal rates into effect in apparent violation of the State Public Utility Act.

"We have been requested in a letter dated September, 1918, by Postmaster-General Burleson to pass upon the question of rates, and yet an order made by the commission in the pursuance of its usual functions is disobeyed on the alleged instructions of the Postmaster-General," Mr. Edgerton said.

"The situation which confronts us is that the same authority which denies our jurisdiction over telephone rates asks us to increase telephone rates. It is of great importance that responsibility for fixing rates be definitely located so that the public may know at all times to which it may appeal."

PUBLIC CONCERNED. "It is a matter of grave public concern if today in California the law is being openly violated either by an officer of the Federal government or by any public utility."

The hearing was called to enable the telephone company to show cause why it should collect the Federal rates in apparent violation of the public utility act, which gives the commission the sole rate-making power of the State.

Had the Federal telephone rates not been put into effect the Pacific Telephone and Telegraph Company would have had to use the State of Washington for a \$750,000 and Oregon for a \$650,000 increase this year, J. D. Shaw, general counsel for the company here, told the commission. The Burleson schedule will increase the California income by \$600,000, he said.

"I am appearing for both the government and the company," Shaw explained when Edgerton asked him if he was not speaking for Mr. Burleson.

It suggested that the commission co-operate with the Federal government and work out the details of the Federal plan rather than oppose Mr. Burleson's power to declare these rates," Shaw said.

TO IGNORE ORDERS. "The commission to ignore the commission's orders on Federal rates as long as the Burleson tariffs remain in effect," Horace Pillsbury of counsel for the company, told the committee.

Reviewing the relation that the company bore toward the government, Shaw said that the company would have lost \$440,397 in California this year had the commission's rates remained in effect. "The company has been guaranteed a return of \$4,525,231 in its contract agreement with the government," Shaw said.

The government bulletin establishing the new rates was given in its application, W. A. Wilson, telephone rate expert for the commission, testified.

A recess until Monday morning was taken at noon. George E. McFarland, president of the company, was to testify some time Monday, it was announced.

Following the hearing, the commission announced it had ordered the company to refrain from putting into effect toll rates established by the commission between San Bernardino, Highland, Colton, Rialto and other Southern California points. This was done because the establishment of toll rates automatically would place the district under the Burleson order, whereas free tolls would not be affected, it was explained.

## DAILY HEALTH TALKS

Where Most Sickness Begins and Ends.

BY FRANKLIN DUANE, M.D.

It can be said broadly that most human life begins in the stomach and ends in the stomach. Good digestion means good health, and poor digestion means bad health. The minute your stomach fails to properly dispose of the food you eat, troubles begin to crop out in various forms. Indigestion and dyspepsia are the commonest of these, but this, in turn, brings on a host of other ailments—flatulence, bloating, belching, constipation, weakness, poor appetite, sleeplessness, coughs, colds and bronchitis are almost as common. There is but one way to have good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery.

It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce, of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that this distinguished physician is proud to have his name identified with it. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that these remedies always have been strictly temperance medicines.

If piles are torturing you, get and use Dr. Pierce's Pile Ointment. The quick relief it gives is hard to believe until you try it. If constipated, Dr. Pierce's Pleasant Pellets should be taken while using Anodyne Pile Ointment. Few indeed are the cases which these splendid remedies will not relieve and usually overcome. They are so good that nearly every drug store has them for sale.

Shrine to Meet in Indianapolis. [BY A. F. DAY WIRE.] INDIANAPOLIS, Jan. 25.—This year's annual meeting of the Imperial Council of the Mystic Shrine will be held in Indianapolis June 10, 11 and 12. Announcement to that effect was made here today.

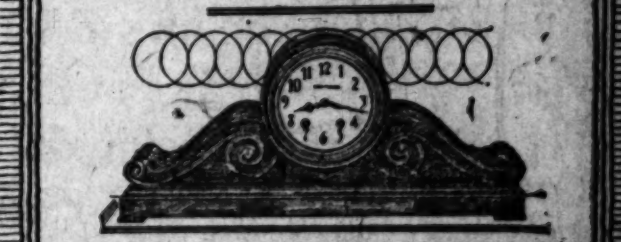

## Chime Clocks

When the great war started practically all chime clocks were imported from Germany. American manufacturers were quick to see their opportunity and brought out design after design that surpassed in beauty and dependability any we had ever known.

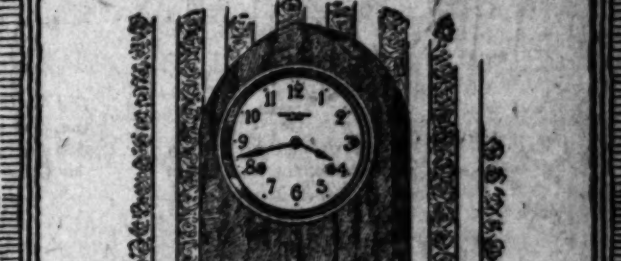

At the Davidson store you may see every one of them—PRICED SAVINGLY—from the Adamantine mahogany style at \$37.50 to the magnificently carved Tambour at \$125.00.

We illustrate four of exceptional merit from which our out-of-town friends may select with every assurance of satisfaction. We prepay express charges to any place in the U. S. A.

Armenian and Syrian Road Bringing Good Results.

Success is practically assured in the Armenian and Syrian road committee drive. It was announced yesterday Judge Wells, manager, expressed confidence in the extraordinary efforts of the day and yesterday combined with day will put the drive "over the top."

"Evidently the public has been convinced of the necessity for helping starving people in Armenia, Syria, and are finally convinced by the funds secured by the drive, the rights appropriated," Judge Wells said. "In consequence of the avalanche of checks, small bills, pennies, nickels, dimes, quarters, and even into the quarters at No. 719 Broadway."

# REDS' STRENGTH LIES IN THEFT.

Bolshevism Founded on Robbery and Mob Reign.

"Have Nots" Steal from "Haves" and Shun Work.

Will be Hard to Overcome Policy of Majority Rule.

BY WALTER DURANTY.  
[ATLANTIC CABLE—EXCLUSIVE DISPATCH.]  
PARIS, Jan. 20.—Interesting details about the character of the Bolshevik rule in Russia are given by the Lithuanian Undersecretary for Foreign Affairs, Rosenbaum, who arrived in Paris last week. He said:

"It is a mistake to suppose that the Bolsheviks have a regular organization covering all the Russian territory which has accepted their principles. On the contrary, it is a cardinal feature of the new regime that each locality, each community, however small, should have full independence and liberty of action. Their real force lies in the acceptance of their theories by a majority. Ignorant and misled as the latter may be it is nevertheless a fact that they have for the most part rallied to the Bolsheviks because of their socialism, which forms the basis of Lenin's dominion."

"Where terrorism comes in is in the effort of the majority to crush or convert their opponents and to dispossess them in favor of the proletarian community or what, in common with the proprietor classes in other countries, they naturally regard as their own property. What is new is that the 'haves' are robbed and terrorized by the 'have nots' and since in Russia, as all the world over, there are more of the latter class than the former, it is perfectly correct to say that once the 'haves' are given a free hand, as they have been in Russia, they will not return to former conditions."

"Terrorism is the real strength of the Bolshevik leaders, for although as I said there is no system of centralized authority by which they can exercise away from Russia, they yet are certain that any attempt to interfere with majority or mob rule in any district would immediately be opposed by the local Bolshevik or majority party."

RED GUARD TROTSKY CLUB.  
"At the same time the Bolshevik leaders have another resource of strength—the Red Guard army. Really it is less of a national army than Trotsky's personal instrument, just as the Praetorian Guard used to be an instrument of the Roman Emperor."

"Trotsky is an exceptionally strong and determined man. Like Bismarck, he is a thorough realist. He knows what he wants and goes after it with utter and whole-hearted indifference to moral or religious considerations save expediency. Having once established the new communism in Russia—which only became wholly possible by the signing of peace on any terms with Germany—Trotsky set himself to beat down the elements of opposition and possible reaction."

"Once that was done, he went forth to the attack, and the weakening German military power to increase the area over which the Bolshevik theories were accepted. For this he needed a force and he found it in the use of the Red Guards, which, as the world knows, is not only fighting the anti-Bolshevik elements in Russia, but is pressing westward toward Poland and threatening the capture of Lithuania, where, owing to the German refusal to permit us to raise an armed force, we are virtually at the Bolshevik mercy."

"To get a clear idea of the situation in Russia at present you might compare the country to the great nest wherein the greater part of its inhabitants do pretty much what they please, provided they are left alone and do not interfere or take part in activities of the 'soldier' class—that is the Red Guard—but who will all the while be ready to strike the moment the nest is attacked by an outside enemy."

VIEW OF WIDE OBSERVER.  
I talked yesterday with a man who is well known with the several of the largest cities in the United States and who would be reinforced by a large band of Europe and Asia. He traveled in a semi-official capacity and had the best facilities for observation and for collecting information."

He brought back with him sensational stories of operations of Bolsheviks in Russia, which I have never seen in print. Here is a sample describing the capture of the city of Kazan, which lies sixty miles to the east of Moscow.

"The republicans and Bolsheviks were in control of Kazan, one of the considerations but not well-known cities of Russia," this traveler said. "Kazan is so close to Moscow that Bolsheviks hated it. It is in the hands of their enemies. They threatened many times to send an expedition to capture it. As the result of threats many of the well-to-do citizens fled from the city."

"These fugitives numbered no less than 25,000, which will give some idea of the comparatively large size of the town. Finally the Bolsheviks were reinforced by a large band of mutinous sailors from the Russian fleet. These men brought with them a number of machine guns and quantities of ammunition. Meanwhile the Moscow Bolsheviks sent secret emissaries into Kazan to spread their doctrines. They told the ignorant workmen of Kazan that once the Bolsheviks got into power they would have to labor for more than four or five hours a day, while wages would be at least ten times what they were at present."

"Finally the Moscow Bolsheviks organized the rabble into an army several thousand strong. This band was led out of the city in the direction of Kazan. At every village they reached, all the male inhabitants were reinforced by a large band of mutinous sailors from the Russian fleet. These men brought with them a number of machine guns and quantities of ammunition. Meanwhile the Moscow Bolsheviks sent secret emissaries into Kazan to spread their doctrines. They told the ignorant workmen of Kazan that once the Bolsheviks got into power they would have to labor for more than four or five hours a day, while wages would be at least ten times what they were at present."

TRIAL PACKAGE MAILED FREE

Stuart's Calcium Wafers Surely Do Give a Lovely Complexion.

The reason why Stuart's Calcium Wafers beautify the skin is their natural tendency to seek the surface. The wonderful calcium sulfide is one of the natural constituents of the human body. You must have it to be healthy. It enriches the blood, invigorates skin health, drives up the pimples and boils, cures eczema, enables new skin of fine texture to form and become clear, pinkish, smooth as velvet and refined to the point of loveliness and beauty. This is "how to be beautiful." Stop using creams, lotions, powders and face washes which merely hide the blemishes. Get a 5-cent box of Stuart's Calcium Wafers at any drug store today.

LEMON JUICE WHITENS SKIN

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well and use as a face wash. Orchard White is a skin whitening lotion and complexion beautifier at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how tan, redness, sallowness, sunburn and windburn disappear, and how clear, soft and rosy-white the skin becomes. Yes! It is harmless.

There is now on its way by courier a list of men who before the signing of the armistice were wounded in action and are still in hospitals in France or England. This list will be of service in enabling the Adjutant-General to furnish prompt and definite information as to the welfare of men regarding whom inquiries may be made by relatives and friends in this country.

The report of January 9 shows a total of 105,723 men in hospitals in France, of which 72,445 were cases of disease and 33,111 cases of wounds or other injuries. The deaths for the previous year amounted to 581, of whom 280 died of disease and 281 of wounds received in action before November 11, 1918.

The total number of hospital cases in France is steadily decreasing, there being a drop of more than 15,000 cases between the figures given above and those of the week previous.

BOLSHEVISM APPEARS ON COLLEGE CAMPUS.

(EXCLUSIVE DISPATCH.)  
CHICAGO, Jan. 20.—Bolshevism has appeared on the campus at the University of Chicago, according to editorials and communications appearing in the college paper. Open discussion of world problems at the weekly Y.M.C.A. meetings has knocked off the lid, it is declared.

"Even on the campus," says the editorial of the week, "is radicalism likely to develop. Already the minority protested at one of the meetings because it was not allowed to talk enough."

Students make varied protests against the Bolshevism which is being spread by the "professors" around. One student in his communication says open discussion means new progress for intellectual thought on the campus.

"Even on the campus," he says, "this campus, this most perfect and pure of things, is actually going to take notice of the fact that great ideas are loose in the world."

RADICAL RULES LAID DOWN FOR FACTORIES.

STATE ORDERS ELEVATORS, REST ROOMS, FIRE ALARMS FOR WOMEN WORKERS.

(BY A. P. MONTAGUE.)  
SAN FRANCISCO, Jan. 20.—A minimum temperature of 58 and a maximum of 72 degrees Fahrenheit, the installation of elevators in all buildings of four stories or more and the establishment of rest rooms, where more than twenty women are employed, and laundries for the State employing women, by the Industrial Welfare Commission here today.

Special devices for ridding the streets of these places of dust, gases, women, vapor and other noxious things, and fire escapes, were ordered also.

Establishments employing more than nineteen women were ordered to put in couches and first aid kits in suitable quarters.

No woman or minor shall be permitted to take less than one-half hour for lunch, and shall be entitled to one hour, the orders read.

The lifting of excessive burdens by women and minors was forbidden, and at least two free exits from each floor above the ground floor were ordered for each building.

Fire drills at least once a month were ordered for establishments employing twenty or more women.

The orders are to become effective March 7.

## FINDING A WAY

Next in importance to the DESIRE to possess a thing, is the FINDING A WAY to get it.

It is the function of a store that aims to serve the whole community to keep developing every possible department that shall in any way help its patrons solve their problems.

Of late, people have been realizing, intensely, the necessity of frequently changing the appearance of their home interiors, refreshing their surroundings both in color and in form, so that the very atmosphere will vibrate health and happiness.

There is a surging, eager desire to be possessed of many of the more beautiful, interesting things that have come into being since the furnishings of various rooms were originally bought—but the question is, "WHAT SHALL WE DO WITH THE FURNITURE WE NOW HAVE?"

In answer to this query, the Exchange Basement has been developed in this store, and, judging from the enthusiasm with which people respond to this innovation, it seems clear that another valued feature of service has been added.

Next week we intend to say something about the noon-day entertainments which also have been added to this store's attractions.

## Clearance Customers are Using the Exchange Basement Gratefully

It is not unusual for a visitor to say to us, wistfully, something like this: "Oh, when I look at your wonderful windows and think of the contrast between them and the looks of my rooms at home, I could just sit down and weep! If I could only say 'presto, change,' and turn my stupid old things into lovely furniture like this, I'd sing for joy."

And then we tell her that she can do almost that very thing because, if her furniture is the sort that can be used at all in some less ambitious home, we will accept it in our Exchange Basement at a fair figure, crediting the same on the new articles she may select from our windows or anywhere else in our store.

Our Basement Manager will send a courteous representative if you phone him—Auto. 10423; Pico 1840.

## The Opportunity to Better Your Home!

## Neglected Corners in Many Homes are Brightening Under the Smiles of Clearance Savings.

There's a certain entrance hall—once a sombre, cheerless place, greeting incomers with a frown and chilling the friendliest farewell.

It has a lovely console table now; a mirror to give light; a soft, rich rug upon the floor; a gracious, cushioned "love seat" to delight the willing lingerer, while, becomingly aloof beneath the winding stair, stands the patriarch and counselor, Sir Grandfather Clock.

We know hundreds of delightful arrangements, for halls of all sizes and sizes, which you can carry out with amazing inexpensiveness while this Clearance lasts.

And the hall is only the beginning! There are unused bedrooms that would bloom into enchanting guest chambers with a little coloring, a few yards of dainty curtaining and a certain amount of cheerful furniture.

There are dining-rooms so uninviting that the family prefer the kitchen—dining-rooms that would find magic in some refreshing pattern of new wall paper and a set of new chairs, or pretty, cheerful hangings and a tea wagon or a smart sideboard!

Barker Bros.' Thirty-Ninth Great Annual Clearance embraces far more furniture than you can possibly find in any other Los Angeles store at any price. More than half a million dollars' worth, indeed, of the latest, most correct, most comfortable and charming designs that have ever been seen, in furniture for everybody's "better home"—and all at savings that are substantial enough to make themselves felt.

## ANNOUNCE PLAN FOR MEMORIAL

Victory Committee Submits its Report.

Exposition Park Building is Recommended.

Vagueness of Project Brings One Dissent.

The report of the Executive Committee of the Victory Memorial General Committee, recommending the erection in Exposition Park of a \$1,000,000 building to commemorate the part played by California soldiers and seamen in the world war will be filed tomorrow with President Farmer of the City Council. The findings of the committee, agreeing upon the memorial building and definitely naming Exposition Park as the site, were made public yesterday.

The General Committee, of which Mr. Farmer is chairman, will endorse the report and action on the matter will be taken within two weeks, Mr. Farmer said last night.

The Executive Committee's report was signed by Orva E. Monnette, chairman, and by every member of the committee except Mrs. Shelley Tolhurst. Mrs. Tolhurst took the view that the amount to be raised is large, in view of the vagueness of the actual plans, and stated her belief that a more utilitarian structure, such, for example, as the much-needed new public library, would be a more useful and acceptable memorial. It is also her opinion that the purpose to raise the money by popular subscription will encounter difficulties by reason of the scores of "drives," which have depleted the popular purse in the last two years.

The projected building, the report will say, should be educational in its possibilities, and should house all objects of historical value bearing upon the great war and the part played by this city in the final victory. Its architecture, it is recommended, should be in keeping with the magnitude of the project. Exposition Park was selected because it was not deemed desirable to place a building of such size on Pershing Square.

The Executive Committee's report will outline the type, character and scope of the building, but will leave the details to special committees to be appointed for the task. The questions of style, manner of obtaining the design for the memorial, and methods of collecting the funds are left to the General Committee.

## CONDITION UNCHANGED.

Mrs. W. C. Mueset's Illness Said by Physician to be Serious.

No change in the condition of Mrs. W. C. Mueset, one of the leading club women of the State and Los Angeles, who is critically ill at her home, No. 2814 North Griffin avenue, was reported up to a late hour last night. Her physician, Dr. F. O. Yost, said he considered the condition grave, but hopes no complications will develop.

Mrs. Mueset's illness, it was explained, had been a source of worry to her husband, former City Auditor, and her daughter, Mrs. Frederick K. Rindge, for nearly a year, following an operation by which it was hoped to obtain an improvement of her health. For several months, however, Mrs. Mueset's health has declined, finally confining her to bed about five weeks ago.

## OFFICERS FOR PUBLIC LIBRARY ARE NAMED.

The Los Angeles Public Library board has completed its organization for the year by electing Orva E. Monnette, president; Mrs. Frances M. Harmon, first vice-president; Frank H. Pettigell, second vice-president; Rev. Francis J. Conaty, treasurer.

The committees are: Auditing and Accounts, Frank H. Pettigell and Dr. Walter Lindley; Finance and Budget, Frank H. Pettigell and Dr. Walter Lindley; Printing and Supplies, Dr. Lindley and Rev. Francis J. Conaty; Public School and Administration, Father Conaty and Mr. Pettigell; Branch Libraries, Mrs. Harmon and Father Conaty; Service and Employment, Father Conaty and Mr. Pettigell; New Library and Site, Mrs. Frances M. Harmon, Dr. Walter Lindley, Rev. Francis J. Conaty, Frank H. Pettigell and Orva E. Monnette.

## CANCELS MEAL TICKET.

Restaurant Woman Causes the Arrest of Mining Promoter.

A share of mining stock sold to Mrs. Kittle Meyers at bargain rates—\$12.50 and a meal ticket good at her restaurant at Sixth and Wall streets—landed George H. Stillwell, known to the police as "Death Valley George," behind the bars of the City Jail yesterday.

Stillwell was arrested by Detective Sergeant McCann and Carl Williams after Mrs. Meyers, regretting her investment in a gilt-edged, lithographed certificate of interest in "The Stillwell Mining and Milling Company," had asked the police what she should do about it.

"Folks, as a veteran prospector who has struck 'the real thing,' and who wants to sell his mining stock in small shares to 'keep capitalists out,' Stillwell is said by the police to have operated in practically every American city on the coast.

## FORTIETH ENGINEERS REACH THIS COUNTRY.

According to a telegram received by Mr. and Mrs. C. H. Kellogg of No. 1411 Bond street from their son, Sergt. A. K. Kellogg, the Fortieth Engineers arrived in this country on the Goentoe, and have been sent to Camp Merritt, N. J. They will be mustered out there.

## MANY HURT IN CITY'S TRAFFIC.

Accident List for Six Months Shows Most Startling Figures.

For the first six months of the fiscal year, traffic accidents on Los Angeles city streets totaled 5655, over thirty a day, according to a report issued from the office of Acting Lieutenant J. W. R. Grogan of the traffic bureau yesterday.

There was 1688 persons injured in these accidents, the report states, and forty-six of them died. The report covers the six months from July 1, 1918, to December 31, 1918, inclusive.

## PARIS WHITE HOUSE TEA GREAT SUCCESS.

ALL AMERICANS IN PRESIDENT'S PARTY ATTEND SOCIAL AFFAIR FOR THEM.

VERY ATLANTIC CABLE AND A P. PARIS, Friday, Jan. 24.—The "tea" given at the Paris White House this afternoon was an event of the kind which the French capital probably had never seen. It was especially and exclusively for the working men and women who surrounded the President and Mrs. Wilson during their stay here. Its purpose was to make them feel that they were members of the official family, no matter what their occupations.

The gendarmes who guard the great palace gates, the guff sergeants and buck privates of the American troops that patrol the inner grounds, the chauffeurs who whirl the Presidential cars about the streets as a happy relief from dispaton riding at the battle front, and American telephone girls who operate the private exchange, and in native fashion frequently protest the "line is busy" were there.

Some were doubtful, some were completely overcome by stage fright, while others felt quite at ease as they were received in democratic fashion and made to feel at home in the drawing-rooms of the magnificent palace. The President and Mrs. Wilson acted as hosts for an hour.

The sergeant of the French guard gallantly introduced his men, as did the sergeant of the American guard. The telephone girls assisted their hostess in pouring tea and receiving the other guests. For the native guests chocolate was substituted for tea.

The President and Mrs. Wilson said afterward that the social venture was a genuine success. Their guests said they were much pleased at their reception.

The President went to the opera tonight to see a performance of "L'Esclavage," it was the first time he had gone to a regular performance since he left Washington six weeks ago. The President took with him "very small party," including Henry White, Gen. Bliss and Rear-Admiral Grayson.

The performance was put on in gala fashion and the audience apparently was a holiday one. Most of those present obviously came for two things—to see the President of the United States and to hear the opera.

President Wilson and his party occupied one of the principal boxes. When the President entered he received a tremendous demonstration. The "Star-Spangled Banner" was sung and then the "Marseillaise" after which the performance began.

Once between acts the President and Mrs. Wilson went behind the scenes and shook hands with the principals of the chorus and ballet.

## PLAYWRIGHT ON VISIT.

Channing Pollock Says He's Going to Quit Drama for Literature.

(EXCLUSIVE DISPATCH.) SAN DIEGO, Jan. 25.—Channing Pollock, playwright, who for the last few days has been here with his wife and daughter, Helen, on a trip through the West, says he is going to stop writing plays and write books. This because the theater is "deteriorating," while literature is not, he Pollock, who is on his first vacation in fifteen years, says he hopes to come to Southern California to live when he stops playwrighting and leaves rehearsal and New York behind. While here he received a shock in the news of the death of Elmer Gullone, the actor for whom Pollock was writing a new play, "The Lunatic."

Tonight Mr. and Mrs. Pollock and daughter, Helen, and Frederick Lyons, left for Los Angeles, stopping at Delmar and other points on the way.

## TO LEAVE FOR SEATTLE.

Mr. and Mrs. W. W. Steiner of No. 452 Rosemont avenue are leaving this week for Seattle, where Mr. Steiner will manage the Seattle branch for Dill-Croset, Inc. importers and exporters.

## AMERICAN ENVOY IN MEXICO CALLED HOME.

AMBASSADOR FLETCHER TO VISIT WASHINGTON FOR IMPORTANT CONFERENCE.

(BY A. P. DAY WIRE.) MEXICO CITY, Jan. 25.—H. P. Fletcher, American Ambassador in Mexico, left Mexico City today for Washington to discuss with the American State Department questions now pending between the United States and Mexico. The Ambassador expects to be absent about six weeks.

The announcement of his departure was accompanied by a revival of various rumors in Mexico City. These rumors, which are connected with the reported loan to Mexico by American bankers and with the decision of American capitalists with interests in Mexican oil and mineral lands to send a delegation to the Peace Conference.

## PROMINENT FIGURE IN OIL WORLD DEAD.

W. C. HILLMAN EXPIRES SUDDENLY; FUNERAL ARRANGEMENTS AWAIT DAUGHTER.

Funeral arrangements for W. C. Hillman, well-known figure in the oil world and for years second vice-president of the California National Supply Company, who died at his home, No. 1734 Orange drive, early yesterday morning, are being held in abeyance pending the arrival in Los Angeles of his daughter, Mrs. L. D. Langmade of North Baltimore, O. F. H. Hillman, one of the sons, a member of the board of directors of the Standard Oil Company of California, arrived from San Francisco yesterday.

Mr. Hillman died shortly after 5 o'clock, before medical aid could be attempted. He retired the previous night in the best of spirits. Heart failure was assigned as the cause of death. He was 59 years old.

Mr. Hillman retired from active life several years ago, seven years ago coming to California. He was the founder of the National Supply Company of Toledo, O. Surviving him are a widow, Mrs. Langmade, F. H. Hillman of San Francisco, and children, Harry Hillman, Blanche Hillman, and Mrs. C. M. Merrill of Los Angeles.

## SOLDIERS ADD WILD GAME TO MESS MENU.

(A. P. FOREIGN CORRESPONDENCE.) WITH THE AMERICAN FORCES ON DWINA, Nov. 26 (via London, Dec. 18).—Wild turkey, ducks, grouse and big edible jack rabbits have been added during the autumn monotonous of bully beef and tinned stew in the mess halls of the American forces fighting the Bolsheviks on the Dwina. The Yanks are operating in a famous hunting country and most of them spent their hours of leave in chasing game. The few shagbuns available were in almost constant use and some of the soldiers developed almost uncanny marksmanship in bringing down ducks with their service rifles.

The marshy country is a duck's paradise, and there are thousands upon thousands of quail-like birds called the "rabchik." When the winter drives the ducks south there will be a hunt in the woods. One of the bullets where Americans are located at one river town was originally built as a hunting house for the late Emperor Nicholas, who, however, was imprisoned before he had a chance to use it. Now, over the huge fireplace in the kitchen, the logs crackle under stewpots filled by the Americans' rifles.

## CONVALESCING ABROAD. OPPOSITION HECKLES JAPAN'S GOVERNMENT.

Byron Otis Johnson Recovering in Base Hospital in France.

Byron Otis Johnson, a Los Angeles boy and former employee of The Times, is a convalescent patient at the army base hospital at Mars-sur-Allier, France, according to word just received by his father, Nobel C. Johnson, a member of The Times composing-room force. Young Johnson is 19 years of age, and joined the One Hundred and Forty-third Field Artillery in August, 1917. He was detached and sent to France last June, and as a member of the Fifth Field Artillery, took part in hard fighting in the San Michel salient. The report regarding the young soldier comes from Capt. Howard W. Seager, a well-known Los Angeles physician, who is serving at the hospital where Johnson has sent. The nature of his illness or wounds is not stated. Before going to war he lived with his parents at No. 1442 Kellum street.

(BY PACIFIC CABLE AND A. P.) TOKIO, Wednesday, Jan. 22.—The opposition in the lower house of the Japanese Parliament is continuing its heckling of the government. Katsuke Mochizuki and others have charged the government with placing the Siberian interests of Japan under American control and have argued that the projected league of nations would prove futile. The unequal treatment of the Japanese by the United States has been likewise pointed out, as has the probability of American naval expansion. The government declined to reply to the interpellations along any of the lines mentioned.

## HAPPINESS FAILS LOVE, MILLIONS.

### By the Golden Gifts of Youth, Wealth, Health, High Social Position and Mutual Affection Could not Keep Mr. and Mrs. Frederick Rindge One.

From the fact that it is possible to make a permanent legal parting of the most wealthiest and most powerful couples in the world, it is evident that the divorce suit just filed by Frederick Hastings Rindge against his wife, Miss Gaieta Mueshet Rindge, is a psychological riddle with the solution in the endless and intricate maze of domestic infidelity.

There was nothing lacking to the Rindge match perfect fit of the elements of human happiness. On his side, Mr. Rindge was a young man of wealth, health, high social position and mutual affection. On his wife's side, she was a young woman of wealth, health, high social position and mutual affection. Yet, after seven years of marriage, the couple have found it impossible to remain together.

Both he and his wife were very beautiful, and their social positions were of the highest. Further, they were very much in love with each other. Yet, after seven years of marriage, the couple have found it impossible to remain together. The divorce suit just filed by Frederick Hastings Rindge against his wife, Miss Gaieta Mueshet Rindge, is a psychological riddle with the solution in the endless and intricate maze of domestic infidelity.

Frederick Hastings Rindge, twenty-two years Mr. Rindge, a native of the United States, is the son of the late Frederick Rindge, who was one of the founders of the Rindge family in Los Angeles. He was born in Los Angeles, California, and is now a resident of the city. He is a member of the Rindge family, which is one of the most prominent families in the city.

### Commercial Aviation Next Big Travel Development, Says Glenn Martin; Seats and Cushions to Replace Machine Guns and Loads of Bombs.

By WILLIAM M. HENRY.

Commercial aviation—the carrying of passengers, express matter and mails—will be going full blast between American cities within a short time, according to Glenn Martin, noted exponent of flying, who is in Los Angeles for a few weeks. One of the first of such commercial lines to be established in the West is expected to be between Los Angeles and San Diego. For the first time yesterday Mr. Martin made public the cold dollars-and-cents aspect of flying for business.

No improvement in the art of making airplanes will be necessary for the new commercial development. The big government bombing planes now in service are admirably adapted for the carrying of passengers. All that is necessary to transform them to this use is to remove the machine guns and the two-ton load of bombs, and in their place install comfortable seats for the pilot and his assistant, ten or more passengers and a considerable amount of mail and express matter.

The reason that it will take two years or so for commercial aviation to become general, Mr. Martin explained, is because it will take that long for factories to get into quantity production of peace-time airplanes, for cities to build airbases sufficiently close to the business district and for the general public to become convinced of the safety and utility of commercial aircraft.

HAS THE EVIDENCE.

That statement was the sum total of Mr. Martin's "theories" on the subject; everything else he had to say was supported by evidence. Flying to Glenn Martin is an eminently businesslike topic of conversation and has been ever since he built his home-made airplane, stuck a Ford engine on it, and flew around Santa Ana ten years ago.

Flying has no mystery for Glenn Martin. If it had, he wouldn't go up. Before he ever let his feet leave the ground aviation was a matter of knowledge and not guesswork as far as he was concerned and to-day commercial aircraft is a matter of stress and strain, dollars and cents, pounds and ounces, feet and inches, and when he says that a man is safer in an airplane than in an automobile traveling over thirty miles an hour, he can show you the "dope" to prove it.

For thirty days two companies have been competing with one another running rival passenger airplanes between Los Angeles and Santa Ana. Mr. Martin said yesterday at the Alexandria. "They are working absolutely on schedule, saving a good many hours, flying without accidents and every plane has a waiting list of passengers."

"Now, for example," continued Mr. Martin, pulling out a big blue print and a businesslike looking document, "I have a picture of my twelve-passenger commercial airplane and the estimated cost of running a thirty-minute service between two eastern cities that are 100 miles apart, not quite as far apart as Los Angeles and San Diego."

"The plane is not a matter of theory at all; it is a big government bombing plane with the machine guns and two-ton load of bombs removed and in their place comfortable seats installed. This change, with the addition of windows and a transparent streamer, apart, not quite as far apart as Los Angeles and San Diego."

FOR A SYNDICATE.

"The figures I have here were prepared for a syndicate of easterners and are now being considered by them. At present they are in the midst of negotiations for landing fields as close as possible to the hearts of the two cities and when that most important matter is arranged, I expect to complete the deal and begin turning out the planes."

"And if this document isn't interesting, nothing under the sun can be."

## PHYSICIANS RETURNING.

### Hundred of Prominent Los Angeles Doctors Quitting War Service.

When the history is written of the part Los Angeles and Southern California took in the war no single group will stand higher than that of the medical profession, for it is estimated that at least 600 physicians and nurses gave up their practice and their home opportunities and answered the call to service from this section. Many of them are now returning, their war work for their country finished, and it is possible to give the names of some of those who entered the service and gave the benefit of their special training and education to the cause of democracy.

As soon as the United States entered the war, Los Angeles physicians and nurses offered themselves to the government, and the organization was begun here of naval hospitals, Hospital Unit No. 2, Dr. E. Smith.

A number of Los Angeles surgeons received high army rank and were sent at once to important posts abroad. Dr. Clarence Moore received his commission as major in January, 1918, and was sent to France to one of the largest hospitals, where he was chief consulting surgeon. Dr. Charles W. Anderson, who entered the medical service of the army when the United States came into the war, and was commissioned lieutenant-colonel, has been in command in France of an army hospital of 2300 beds.

Dr. Charles W. Anderson, who also was serving with the British forces when the United States came in, returned to Los Angeles afterwards, and is now in charge of the medical department of the British army at Camp Kearney. ## And we thought a grand too large!

The Grand Piano was the mark of the fine family in the old times. But, everything in modern life tends toward the miniature, and, in the new apartments the Upright piano was substituted for the Grand merely because it fitted into a smaller space.

Now, we have the Grandette. Move out your Upright, put in the Grandette, and you will find that you have taken up scarcely an inch more of floor space.

## "WOE IS ME" IN SAN FRANCISCO.

Willard Huntington Wright Describes the Desolation of the Promised Drought—Do Women Dress Decently?

BY WILLARD HUNTINGTON WRIGHT.

SAN FRANCISCO, Jan. 24.—The gloom of approaching sobriety is settling swiftly and irremediably over the once gay and jovial features of the San Franciscans. Heretofore the horrors and nightmares of prohibition have not been taken seriously. The San Franciscan lusher, famed far and wide for his almost inextinguishable capacity for lethal alcohol, has scarcely realized that the avalanche of the dry forces was about to be a mildly disturbing mirage. It has seemed to him something surpassing the bounds of credibility that his once liquorish city, beneficently inundated in the juices and beverages of exhilaration and gaiety, could actually be turned into a parched and blistering Sahara.

But now with the ratification of the Sheppard amendment and with the recent introduction of a new bill to appoint an assistant to the Attorney-General, whose duties it will be to see that no one while on any street, alley, park, road or highway, or in any car, airplane, boat, motor or other vehicle, or in any club, hotel, hall, theater, store, or any public or semi-public place, shall so much as have on his person a single drop of any distilled, malt, spirituous, vinous, fermented or alcoholic liquid or compound, whether proprietary, patented or not—in short, now that the terrible reality of prohibition is drawing closer and closer, the San Franciscan has awakened to the dire and doleful truth.

Tears are falling copiously along the once boisterous and mirthful esplanades. Mourning is the order of the day. A funeral atmosphere has descended on the cafes. An enveloping miasma of grief is permeating the bars and cabarets. San Francisco's pride seems to have been broken. It is really heart-breaking to listen to the subdued conversations along the mahogany troughs. For San Francisco has always prided herself on being the Paris of America; she has built up and developed a reputation for fabulous joy, and she has scorned and ridiculed her sister cities for their piety and abstemiousness.

The approaching catastrophe is not being taken philosophically. San Francisco's grief is so genuine, her horror at the impending virtuous regime is so sincere, that she does not attempt to disguise her psychic and emotional state. And so suddenly did the realization of disaster come that the blow has actually staggered her. Within the last week a decided change has taken place, and the visitor, just arriving from other parts, feels the chill of desolation and bereavement. Already the heavy drinkers are beginning to talk of "the good old days" with lugubrious wistfulness. And when the young bloods drop into their favorite moratorium to partake of their habitual potations, their "Good morning, Charlie" is subdued and fraught with pathos, as if Charlie were sailing away for parts unknown, never to return. The San Franciscan's heart is at half-mast. It is a city swathed in black crepe.

The faces of all San Franciscans are hidden from view, and the effect is that of a city of strange and unearthly creatures. The mask ordinance is being strictly enforced, and the gendarmes are relentless. If anyone accidentally sallies forth with a nude countenance, he or she is at once escorted to the bastille and either locked up or prepared for a fine. Even the smoker, who surreptitiously lifts his mask to indulge in a pipe or panatela, is frowned upon and reprimanded. A small group of conscientious objectors (composed mostly of astral-planers, layers-on-of-hands, cosmic fluidists, psychotherapists, and other such transcendental fowl) are protesting and denouncing the mask regulations, and one mass meeting has been held thus far; but on the whole, San Francisco is obeying the law good-naturedly and without grumbling.

San Francisco is just at present in the throes of a lively and heated discussion as to whether or not the modern woman dresses indecently. The city is as stirred up over this momentous question as would be an Iowa village if its most popular pastor had eloped with the hostess of its leading maison de joie. A lady named Nichols precipitated the battle by an attack on the sartorial immodesty of the women of today; and the entire city seemed to leap into the fray, until now the opposing Fochs and Hindenburgs include doctors, college professors, bartenders, divines, politicians, reformers, legislators, aestheticians and white-slavers. It all makes rich and ready reading, since the discussion is not confined to the outer garments of the feminine, but goes into Zolaesque details concerning the character and mechanism of undies as well. The whole affair is proving a liberal education for bachelors and college boys; and so fascinating and intimate has the debate become that there are as yet no signs of an early cessation.

So far the modern lady, with her clinging satins, with her diaphanous crepe de chine, and her general tendency toward sartorial economy and abbreviation, seems to be far ahead in point of defenders. There are pious objectors, to be sure—upright and virtuous souls who still cling to Canton-flannel night robes and opaque, concealing gowns, and who shudder and scold at the sight of silken calves and shoulders au naturel. But to the question, "Do women dress indecently?" the consensus of opinion in San Francisco might be summed up in the answer: "Of course they do. But why not?"

## CAPT. F. T. HAGUE IS DEAD.

Capt. F. T. Hague, adjutant and inspector of the local branch of the National Soldiers' Home, passed away at 11:15 o'clock a.m. yesterday. Death was due to pneumonia which followed an attack of influenza.

The loss of Capt. Hague is heavily felt, not only by his fellow officers, but by all members of the home, with whom his official duties brought him in daily contact, and who found in him, an always willing listener to their various troubles, and an amiable confidant.

Of him, Gen. F. H. Barry, governor of the home said: "Adj. Hague was one of the most exemplary and amiable officers I have ever seen my fortune to be associated with."

## TO SEAL CITY OIL WELLS.

One hundred and fifty oil wells which have been in operation within the city limits for many months must be closed as the result of an order issued yesterday by the Board of Public Works. Work was suspended because the Federal Fuel Administration will suspend operations on February 2 and as the wells were permitted to run only as a war measure it was decided to order their owners to seal them up.

Years ago the oil industry within a stone's throw of the business district was immense, but it became a nuisance to property owners, who succeeded in getting the Council to enact an ordinance prohibiting their operation. This ordinance was suspended when the Federal Fuel Administration advised the city to do

## BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made for the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Both Parents Dead. TWO CONTESTS BEGIN.

THREE ORPHANS ARE IN DISPUTE; FATHER AND MOTHER INFLUENZA VICTIMS.

The death of Charles R. Graham, owner of the Graham Iron works, and his wife, Alice Graham, of influenza within five minutes of one another on October 21, last, created contests in the probate court for guardianship of the person of the three children and guardianship of their estate.

The testimony in the guardianship-of-the-person contest, which has been on trial before Judge James C. Rives, was concluded yesterday, and the guardianship-of-the-estate contest will start on Tuesday. The contest for the care of the children is between Mrs. Nellie J. Buxton of the Montessori School, Hollywood, and D. K. Humphreys, an intimate friend of Mr. Graham. Mrs. Buxton wants the children to be placed in her school. Mr. Humphreys had two of the children placed with Mrs. Cammack, and seeks to have all of the orphans together.

Mr. Graham left an estate valued at \$50,000. The children are Ruth, Emma and Robert Graham, who are from 2 to 11 years old. Through relatives of Mrs. Graham, the Title Guaranty and Trust Company was named guardian of the estate and also special administrator. A guardian of the person of the children was not appointed until later.

## WRITER GETS DIVORCE.

Further Film Actress Tells of Being Shaken by Husband.

"He shook me and I was so frightened I ran out of the house in my night clothes," testified Mrs. Ethel Davis, former motion-picture actress and a magazine and scenario writer, in the trial of her divorce suit against D. L. Davis before Judge Crail yesterday. Mr. and Mrs. Davis were residing in Coronado at the time of the incident. Mr. Davis, she said, returned home late one night and threatened her.

He did not give her sufficient money for her support, she declared, and she was forced to work. Once she pawned her rings so that she could go to a hospital for treatment. The decree was granted. The couple were married on March 7, 1915. The separation occurred on May 30, 1915.

MUST BE GOOD!

No Wine or Women or Grandsons will Lose Thy Request.

The will of F. W. Tyler, who died in this city on January 14, requires that Harry P. Tyler, a grandson, in order to receive one-eighth of the \$15,000 estate, must not drink intoxicating liquors nor spend his money on women of doubtful character. The bulk of the estate is left to the widow, Mrs. Maria C. Tyler, according to the will filed for probate yesterday.

Should Harry Tyler fail to obey the injunctions of the will, he will receive \$5. The estate will go to Ben C. Tyler, a son, and the grandson in case of the death of the widow.

## Cocoanut Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified cocoanut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsified cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Does Your Hair Need Relief?

Today is the day of Mulsified Cocoanut Oil.

It is the most perfect hair dressing ever devised. It is pure and entirely greaseless. It is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

## Auto-Intoxication EXPLAINED

BY SAMUEL HAMILTON, M.D.

A French physiologist described a tube with arrangements for "digestive guidance." It is commonly said that "dig their graves with their teeth." The effects of constipation have always been understood how serious are the evils which are caused by stagnation of the bowels, and the large intestines—poison reservoirs into the circulation—this is called auto-intoxication. It is apparent, therefore, that the first step to cleanse the intestines thoroughly.

The best method for cleansing the whole tract and urging the liver into activity is much outdoor exercise as possible, before meals, and take a pleasant laxative pill occasionally. Such a one is made of apple, leaves of aloe, root of sassafras, sugar-coated pill that gives tone to the system. This was first made and sold by Dr. Pierce's Peppermint Cure.

The cost is twenty-five cents. It means will prevent auto-intoxication, are realizing that the kidneys, liver and bowels need to be cleaned out.

The kidneys are an essential

Who is the "egg king" this year?

Art Note—The Berlin reds are very blue.

Almost time for Holland to land William of Orange's old hat.

Brighten the corner of a head of War Savings Stamps where you are.

How those infant republics do yell! Sounds for all the world like a case of colic.

The old-fashioned man who used to say, "That reminds me of a story in my old book," is not in our midst.

Thieves are reported as having entered the City Hall—no it was anything new.

Is this the season for cloud diplomacy? The matter has not yet been settled in Paris.

Like the street car there seems to be always room for one more in the League of Nations.

If there be any issues that stand the peace conference they might be referred to the California Assembly.

In these days of high prices don't allow your children to wander too far away. They may not come home to roost.

Another trouble about the proposed French republic will be the difficulty of wishing the Vice-President upon anybody.

Speaking of the ex-Kaiser he has nowhere to go but out, nowhere to come but back—still apologetic to the late Ben King.

"The dress of the hour" is the latest creation of the modists. That means it will take the lady six minutes to get into it.

No wonder the dollar-a-year men have all quit the service of the government. They can't live on the salaries in Washington.

With national prohibition what will a fellow do when he wants to "down his trouble"? But not possibly he will have no trouble.

What a recreation would be to order Georges Clemenceau, the old gray of war, to make a visit to the United States!

And then it must be admitted that the three-hundred cigarette day is a way to win the war in the bedroom of Miss Lucy Page Gaston.

Why is it that all of the leading magazines print pictures of women on the eve of the arrival of the female sex? Where do the corn-cobs come in?

Dr. F. L. Labell of Chicago wants women to wear fewer clothes, but he wants the idea of men staying at the sex. How does this square with that out as possible?

Poland is the "hick" branch of the giving the peace conference much trouble. The Poles are what you want and they show no signs of being unable to ask for it.

The investigation of the lost "Ansonia" by the country grand jury ought to be a whitened affair. Wonder if any of the ladies on the jury patronize the crystal gazer?

While abroad the cover of the wife of President Wilson has been a subject lined with silk. But we have always thought there was something so good for moths as formaldehyde.

The Turks have promised to respect American citizens and settlements in the empire and an account of what has recently happened in the world, they have made it.

No doubt the ex-Kaiser will find a place to hide in Germany. It is such a flat country—no one can see the grass growing a long way off. That is some advantage in Germany and it could sneak up on him.

It is all right to give victory medals to the men who have returned from the war, but would it not be more to the point if they were awarded a job and that the checks to their dependents would be more regular. Medals are not very successful in keeping the war from the door.

With the armistice of the returned under government control of the peace conference, millions of dollars in the position of the chicken dealer who offered to sell a cock for \$10 that cost \$10 and when asked he did it, replied, "Oh, we sell many of these."

IT TAKES COURAGE—To live according to your own notions.

To be what you are and not pretend to be what you are not.

To say "No" privately and "Yes" when those around you say "Yes."

To live honestly while your means add not dishonestly upon the means of others.

When mortified and embarrassed by humiliating disaster to you, to your ruin the elements of success.

To refuse to do a thing which is wrong because others do it, or to do it because it is customary and you are in the trade.

To stay home evenings and not go to the theatre and spend the evening there.

To remain in honest poverty while others grow rich by dishonest methods which you could condemn yourself.

Not to bend the knee to money and not to bend the knee to money while others are bowing and kneeling for praise and power.

New Success.

WHAT MORNING.

## RINDGE DIVORCE ENIGMA.

### Why Brilliant Match Failed Though with Everything in Its Favor.

(Continued from First Page.)

once the couple, but all say they realize that the break had to come. RINDGE HISTORY.

The fact that the Rindge fortune is one of the largest in the West and that Frederick H. Rindge as one of the three principal owners will become as time goes on more and more of a factor in the business life of the Southwest, makes interesting the background of the Rindge fortune.

Frederick H. Rindge, the elder, was one of the pioneers of Southern California, coming here twenty-five years ago from Cambridge, Mass. He always retained a deep interest in his eastern birthplace and founded in the city of Cambridge the technical training school now known as the Rindge Manual Training High School, and gave \$100,000 to Marblehead Mass. for a school. He was a deeply religious man and a great believer in the future of Southern California. He invested heavily in lands which are now the most valuable in this section of the State. The Malibu ranch property, north of Santa Monica alone comprises 10,000 acres and is valued at more than \$1,000,000. In addition he owned valuable tracts at Stockton, in the San Fernando Valley, and in other parts of the State as well as much property in Boston and in Cambridge, Mass. He died about fifteen years ago.

Since the death of Mr. Rindge the active management of the Rindge properties has been in charge of the widow, Mrs. May K. Rindge, who lives at No. 2343 South Harvard boulevard, and is president of the Rindge companies and spends much of her time inspecting the properties and at the company offices in the Los Angeles Trust and Savings Bank Building. Under her management the properties continue to increase in value and show a large annual operating profit. Some of the properties Mrs. Rindge has leased under the will of the late Frederick H. Rindge, the widow received three-ninths of the estate, and the three children two-ninths each.

The oldest child of Frederick H. Rindge is Samuel Knight Rindge, who is now about 35 years old. He married in 1911 Miss Agnes Hole, daughter of Mr. and Mrs. William Hole, of No. 1907 West Sixth street. Mr. Hole is a capitalist with large interests. His office is in the Los Angeles Trust and Savings Bank Building. Mr. Rindge, who is treasurer of the Southern California Iron and Steel Company is associated with his father-in-law in a number of business interests. Mr. and Mrs. Samuel K. Rindge have three children and live at No. 4088 West Seventh street. They also have a country home near Riverside.

The second child of Frederick Hastings Rindge, Sr. was the son and namesake, who is now suing for divorce. The youngest child was Rhoda Rindge. Like her brother Frederick, she was raised in Southern California, and has always led an outdoor, athletic life, being chiefly interested before her marriage, in horses and automobiles. She was married in 1911 to Merritt H. Adamson, known among his friends as "Smoke" Adamson. He was then one of the superintendents of the Malibu ranch property and in this way he met the daughter of the millionaire. He had previously been engaged to Miss Jean Lines, a well-known Los Angeles society girl, daughter of Mrs. Laura Lines. Miss Lines announced that her engagement to Mr. Adamson was broken and later married a young man who is now an army officer overseas.

## BRAND-NEW WAY TO BREAK TIE.

Woman Says Husband Falsely Claimed Wealth—Marriage is Annulled.

Judge York yesterday granted Mrs. Marie Holbrook an annulment of her marriage to John Holbrook on the ground that he had misrepresented his financial standing. She was a widow with one child before her marriage to him, and she agreed to the ceremony on the understanding that he had mining interests in Idaho from which he derived a large income. After the marriage she learned that he had no such interests in Idaho.

She met the daughter of the millionaire. He had previously been engaged to Miss Jean Lines, a well-known Los Angeles society girl, daughter of Mrs. Laura Lines. Miss Lines announced that her engagement to Mr. Adamson was broken and later married a young man who is now an army officer overseas.

## CLOTHED HIMSELF BY STEALING STAMPS?

FORMER ELECTRICAL EMPLOYEE ARRAIGNED ON POSTOFFICE COMPLAINT.

Albert Brown, formerly in the employ of the Woodill & Hulst Electrical Company, No. 111 East Third street, was arraigned before United States Commissioner Long yesterday on a complaint filed by Postoffice Inspector Webster. He was charged with using the mails in a scheme to defraud and was held in \$1000 bond. The hearing was set for tomorrow.

As outlined in the complaint filed by the inspector, the scheme involved the sale of postage stamps, which are used in large quantities in business by the Woodill & Hulst Company. The specific amount involved in the charge is about \$68, but it is asserted that the total embezzlement may cover several hundred dollars.

Brown was at one time in the employ of the Burns Detective Agency. It is claimed that he was addicted to high living and that his salary of \$125 a month was not sufficient to meet his demands. His alleged plan was to sell the stamps to merchants, for which he received merchandise orders, mostly for clothing. The firm investing in the stamps are given as the J. W. Robinson Company, Mullen & Bluet, the Owl Drug Company, and the S. Nordlinger Jewelry Company. The Robinson firm purchased \$80 worth of the stamps, and for the merchandise, an order was sent to Brown in care of the T.M.C.A. At the Owl Drug Company, a large quantity of stamps was sold to Brown on a merchandise order which represented the investment of the firm in stamps furnished by the postmaster. At the Nordlinger establishment, a \$25 gold chain is said to have been disposed of by the same route. Mullen & Bluet, their collars and other articles of haberdashery for stamps furnished by Brown.

Brown is single and 27 years of age. It is stated by Inspector Webster that he has made a partial confession.

## FREE MEMBERSHIP TO RETURNED SOLDIERS.

Y.M.C.A. TO OFFER THREE MONTHS ADVANTAGES—HAS MONEY APPROPRIATION.

The Los Angeles Y.M.C.A. will take an active part in the rehabilitation and readjustment of returning soldiers and seamen, according to an announcement yesterday. An appropriation of \$14,000 has been secured from the National War Work Council for local use in the new reconstruction period. The appropriation is based on a per capita allowance of 25 cents for approximately 40,000 enlisted men from the Los Angeles district.

The Y.M.C.A. announces its decision to offer every returning soldier and seaman a three-months' free social membership. Upon presentation of his discharge papers, any returning enlisted man will be entitled to a membership ticket good for three months. One or two trained secretaries are to be employed to devote their entire time to discovering the needs of the men as they return and plan to meet them. The educational service which the Y.M.C.A. renders to its members will also be offered to returning men and at the same time extended in order to meet their needs.

It is expected that with the gratuitous social memberships there will be a large increase in educational classes as a small membership fee has always been required of students. Plans are now being formulated by the Educational Committee under the chairmanship of James G. Warren to provide the type of instruction which the returning men most need. It is expected also that provision will be made for the enrollment of large numbers of returning men who desire to be fitted for special lines of business and industrial activity.

## CLOTHING WANTED FOR TROOPS IN ALASKA.

Los Angeles dealers have an opportunity to supply clothing for United States troops in Alaska, according to information received yesterday at the industrial department of the Chamber of Commerce. The notice is from Maj. Mark L. Gerstle of the non-supply office, U.S.A., and enumerates nineteen articles of clothing wanted in various quantities for the coldest portion of the United States.

Bids will be opened at 11 o'clock a.m. February 10, and the schedule will be seen in the industrial department of the chamber.

## FIVE ARRESTED AS I.W.W.

Russians and Spaniard Accused of Inciting Strike of Orange Pickers.

Four Russians and one Spaniard, said to be I.W.W. agitators, were arrested yesterday at Covina by Constable Saunders on charges of disturbing the peace. According to the constable and William Hoogenbush, manager of the Charter Oak Association, the five men are leaders in a movement among them to incite the orange pickers in that vicinity to strike.

The men, who were brought to the County Jail by Deputy Sheriff Cooper, say they have been on strike since Wednesday. Max Rudy, a 23-year-old Russian, well educated and a sort of leader, asserted yesterday that 150 orange pickers were on strike following a secret meeting in the home furnished by the Charter Oak Association for its employees. Officers say the number is exaggerated.

The men were arrested yesterday morning as they patrolled the county road in an apparent endeavor to meet all orange pickers and urge them to join with the agitators in demanding \$4 a day instead of the \$3 they say they receive now. A committee was sent to Mr. Hoogenbush, who explained that the orange growers were doing all in their power for the pickers, especially because of the loss from frost. The men struck the next day, but found that the majority of the workers were not in sympathy with their ideas.

The men were taken before Justice Thomas H. Reed of Covina, who remanded them to the custody of the Sheriff until Thursday, when their trial will be held at Covina. Bail was set at \$100 each and the men asserted that their friends and a lawyer would soon be at the jail to obtain their release. Those arrested are Max Rudy, M. Sastra, Harvey Darnowsky, M. Gollis and William Goldberg.

Rudy, who seemed to be the leader, said he has been in the United States two months. "We came from prior to that he was in the United States except that he left the country some time ago. He said the others tend to San Dimas."

## WANTS TO COME HOME.

Wouldn't Take Gross Deal in the Royal Palace, Said Smith.

"Home, Sweet Home" is the popular sentiment with the American Expeditionary Forces in Europe today, writes Private Smith, Company H, Third Division, Sixty-first Infantry, in a letter to his mother, Mrs. Nellie Smith, 300 South Olive street. "The men are all most welcome to the American Expeditionary Forces in Europe. I am going back to the good old U.S.A. says Private Smith, who was a member of the American Expeditionary Forces in Europe. He is now in the drive on the Western Front, including the famous Battle of Royters, his regiment being "over the top" with the American Division, A.E.F. He is now having seen Belgium after the war and treated it with the same "Kultur," he prefers a man of Los Angeles—46 by the way—a great deal to the Royal Palace in Brussels.

### WANTS TO COME HOME.

Wouldn't Take Grant Deed to Belgium Royal Palace, Soldiers Say.

"Home, Sweet Home" is the most popular sentiment with the American Expeditionary Forces in Europe today, writes Private George T. Hines, Company H, Third Hundred Sixty-first Infantry, in a letter to his mother, Mrs. Nettie Hines, No. 111 South Olive street. "The one thing I want most is to get home. I am most welcome to the American flag, says Private Smith, who was a former employee of The Times. He took part in the drive on the Germans in Belgium, including the bombardment of Huy, his regiment having gone "over the top" with the Ninety-third Division, A.E.F. ### Turning a Warplane into a Peace-Time Passenger Car.

Martin Twin-Motor 800-Horse-Power Bombing Plane, converted into a twelve-passenger carrier, as shown in the ink reproduction of the official blueprint below. The picture above gives an idea of the size of the actual machine and its construction. The men, left to right, are Lawrence D. Bell, Martin's factory manager; Eric Springer, chief pilot; Glenn L. Martin, president and general manager, and Donald W. Douglas, chief engineer.

## FLYING LIMOUSINES ARE COMING.

(Continued from First Page.)

be classed as such, for it contains a complete estimate of the operating expenses of the time, with generous margins on which the company ought to be able to save money. It starts with a \$10,000 a year general manager and goes right down the list of 140 odd employees, including a "passenger and publicity agent" at the munificent sum of \$4,000 a year. The estimate calls for twelve Martin twin-engine airplanes with spare parts for planes and engines and allowance of \$24,000 additional for extra material which might or might not be necessary, making a total cost of transportation equipment for one year of \$753,000. Equipment, consisting of hangars, repair shops and equipment, office equipment, gasoline tankage equipment and four \$2000 buses in which to transport the passengers from the business district to the landing field total \$146,652.

**COSTS AND REVENUE.**  
The operating cost for materials for a year including 777,000 gallons of gasoline and 42,200 gallons of oil for the planes and gasoline, oil, tires and parts for the buses amount to \$194,460. The cost of the operating personnel for the year, which includes everybody from the \$6000 chief pilot to watchmen, stenographers and bus drivers, calls for an expenditure of \$254,650. Overhead expenses including the

magnificent \$4000 a year president, rent for field and offices, upkeep of the same, insurance, taxes, heat, light and power, office supplies, postage, telephone and telegraph—every one item listed and a big margin for depreciation on the whole outfit—comes to \$64,798. Mr. Martin then, for fear he might have overlooked something, adds \$50,000 for unforeseen expenses and makes the total cost of operation for the year \$1,314,915. A tidy sum.

**TOTAL INVESTMENT.**  
Mr. Martin has figured out that the total investment required to put the line in operation is \$610,504, so that with an annual profit of \$387,072 the backers of the concern will be making a trifle over 63 per cent. on their investment. This will be their margin of profit if they only carry 75 per cent. of their maximum load and without considering revenue from mail and express.

Just to add a little spice to this interesting document, Mr. Martin has added in the item of mail. He did so after taking the matter up with the postoffice departments in the two cities and getting from the officials assurance of \$600 per month of mail a day. He places a charge of 2 cents an ounce on the mail, whereas the Postoffice Department now getting 6 cents an ounce in the Washington-Philadelphia-New York aerial mail service.

Mr. Martin cuts down the postoffice estimate of \$600 per month to \$200 per month, just to leave a good margin of safety, which figures out at 2 cents per ounce to be a total daily revenue of \$1024. Counting on a 360-day year, this would bring the revenue from mail to \$368,640, all of which is clear profit as no additional expenses are incurred in postal carrying.

The big problem of commercial aviation is simply this: The planes must have fields for lighting and starting sufficiently handy to which business center to make the saving in time worth while," he said. "Los Angeles, for instance, is a flying field of 600 to 1000 acres in order to take care of the tremendous number of planes that are bound to make this city a stopping place within the next few years.

"I believe that within a year Los Angeles and San Diego should have a regular schedule of airplane service. The trip of 120 miles can be made nicely in an hour and a quarter, and I believe there would be sufficient patronage to make the line pay—certainly if there were enough passengers to call for four round trips daily.

of his own achievements, but it is an open secret that the Martin bombing plane, which was tested last August, so far surpassed all performances of similar European types that it was immediately taken up by the War Department as the standard bombing plane for the American aviation service, and a huge order will be placed as soon as the general staff decides definitely on the size of the standing army.

An interesting point in this connection is the possibility of the establishment of a branch factory and assembling plant in Southern California. If the programme goes through as expected, probably twenty-five Martins will be required on the Pacific Coast, and Mr. Martin expects to open a branch plant here for their assembly.

**CHAMBER TO LAUNCH MEMBERSHIP DRIVE.**  
BELIEVE FUTURE DEMANDS LOCAL CITIZENS SHOULD JOIN ORGANIZATION.

Because of large promises for the future of Los Angeles in commercial and industrial lines, the board of directors of the Chamber of Commerce has determined to make vigorous effort to bring into the mart and great business center, it was announced yesterday.

Believing that the community operation is a vital factor in such development, the chamber committee on membership has outlined its plan for the coming year which it is expected will result in the history of the organization. This committee, which is composed of twenty members of energy and enthusiasm, meets every Wednesday in the directors' room of the organization, to report results, submit new ideas and make plans for an increased enrollment. Since the chamber has assumed heavier community obligations than ever before, it is the committee's expectation that no citizen with the interests of Los Angeles at heart will fail to respond when called upon to co-operate.

The present membership of 6000, which was attained during the campaign of last August, is the largest shown on the records of the chamber, but a recent survey indicates that many men of high business and professional standing have not joined the organization.

**COMPROMISE SEEN IN SUIT OF FILM MAN.**

The trial of the suit of Scott Sidney, former director, against the National Film Corporation of America, was continued by Judge Ames yesterday for one week. It is believed that a compromise is in sight.

**HOW TO PREVENT APPENDICITIS**

Appendicitis is primarily due to the poisons formed by decaying food in the bowels. It is a disease caused by improper and insufficient bowel elimination. Many people have only a small passage in the center of the bowels while the sides are clogged with old, stale matter. This causes a pressure in the center of the bowels and a bowel movement every day but it is not a complete movement and the old stale matter stays in the system to ferment and cause trouble. Besides appendicitis such undecayed bowels cause headaches, stomach trouble and 50 per cent of all other sickness. The old foul matter sticking to the sides of the bowels often stays in for months, poisons the system and causes that listless, tired feeling known as "auto-intoxication."

**HOW TO AVOID TROUBLE.**  
The way to avoid sickness and to keep feeling full of ambition is to watch your bowels. Just as you keep the outside of your body clean, you should also keep the inside clean. It is even more important to keep your bowels clean than it is to keep your body washed, because the millions of pores in the thirty feet of bowels quickly absorb poisons generated by decaying food left carelessly in the bowels. Don't allow the old, fermenting, filthy stuff to stay in your bowels for weeks, but GET IT OUT and keep it out. Remember, filthy bowels are the cause of nearly every stomach ailure, liver or any other organ can do its work with a foul cesspool sending out gases and poisons. Even if your bowels move slightly each day, that is not enough. There must be an occasional THOROUGH, complete cleansing to rid your system of all accumulated, decaying matter.

**HOW TO CLEAN BOWELS QUICK.**  
The MOST COMPLETE bowel cleanser known is a mixture of buckthorn bark, glycerine and ten other ingredients, put up in ready prepared form under the trade name of Adler-Ika. This mixture is so powerful a bowel cleanser that it ALWAYS does its work properly and thoroughly. It removes foul and poisonous matter which other cathartics or laxative mixtures are unable to dislodge. It does a COMPLETE job and it works QUICKLY and without the least discomfort or trouble. It is so gentle that one forgets he has taken it until the THOROUGH evacuation starts. It is astonishing the great amount of foul, poisonous matter a SINGLE SPOONFUL of Adler-Ika draws from the alimentary canal—matter you would never have thought was in your system. Try it right after a natural bowel movement and notice how much MORE foul matter will be brought out which was poisoning your system. In slight disorders such as occasional constipation, sour stomach, "gas on the stomach" or sick headache one spoonful brings relief almost INSTANTLY. Adler-Ika is the MOST THOROUGH bowel cleanser and antiseptic ever offered in ready prepared form. It is a constant surprise to people who have used only ordinary bowel and stomach medicines and the various oils and waters.

**REPORTS FROM PHYSICIANS.**  
Dr. James Weaver, Los Angeles: "I have found nothing in my 50 years' practice to equal Adler-Ika."  
Dr. W. A. Line, West Baden, Ind.: "I use Adler-Ika in my practice and have found nothing to equal it."  
Dr. F. M. Frey, Portland, Me.: "I use Adler-Ika in all bowel cases and have been very successful with it. Some cases require only one dose."  
Dr. J. E. Puckett, Guilford, Ark.: "I had had stomach trouble. After taking Adler-Ika I feel better than for 50 years. Haven't language to express the awful impurities which were eliminated from my system."  
Com. E. Noblett, Savannah, Okla.: "Thanks to Adler-Ika I can sleep all night now. Something I could not do for years."  
Mrs. L. A. Austin, Ausland, Minn.: "I could not eat a thing, my stomach was so weak. Adler-Ika made me feel better and am now able to work and gain weight."  
Adler-Ika is sold only by the leading druggist in each city. Sold in Los Angeles by Dickinson Drug Co., Cor. 4th and Main.

**KILLED IN NEW SUIT.**  
Elderly Man Street Car Victim as He Prepared for Trip.

After buying a new suit and making arrangements to go to Santa Barbara, a man of about 60, thought to be Frank O'Brian, was struck by a street car and ground to death at Second and Los Angeles streets early yesterday morning. At a rooming house on East Fifth street, where he had stayed a few nights, O'Brian had stated that a nephew of his worked in a local bank, but the latter had not been found last night. A letter written from Corpus, Tex., over a year ago and signed G. L. O'Brian was found in the dead man's pocket. The body is at the

funerary of Robert Sharp and Son tomorrow afternoon at 2 o'clock.

**LOCAL SOLDIER IN BOMBED HOSPITAL.**

Sergeant T. B. Sanderson, of the Third Hundred and Twenty-second Field Signal Battalion, was one of those in the bomb hospital described in an article in the Saturday Evening Post October 19, according to a letter received by his wife, of No. 1217 McCadden Place, Hollywood, and written from Coblenz, Germany. Sergeant Sanderson was in the Marine Corps in several different units and is now with the Third American Army of Occupation on the Rhine. He mentions that his company will have a photograph they got at Camp Lewis.

## VICTORY LOAN WILL BE LAST.

Southland Chairman Receives  
Official Declaration.

Will Pay Cost of Saving Half  
Million of Lives.

Amount Expected to be Same  
as Fourth Issue.

"The coming Victory Liberty Loan will be the last," was the advice received yesterday from Washington by Chairman Henry S. McKee of the Southern California Liberty Loan State Central Committee. The advice continued, "There is one more big job to do and that is to pay for the victory that is ours, and then Liberty Loans will be history only."

"The interest part of the bonds should be the last item considered. Our boys in France, when duty called, did not stop and ask the commander what bonus they would get if they won the objective, nor did they ask for a guarantee against loss. Their government and their people called for action and they acted. The Victory Loan is the last call for action from the American people and they will act and the interest will be the least consideration."

**SLOGAN CONTEST.**  
A slogan and essay contest is being prepared by the Southern California Liberty Loan Committee, and will be announced in a few days. This will give every man, woman and child in Southern California an opportunity to share in the work of putting over the Victory Loan. It is expected that prizes will be offered in attractive sizes.

Although the rate of interest and the exemption features of the fifth loan are not yet known, it is generally agreed that the bonds will be of short maturity and that the amount of the loan will be as large as the fourth, which was for \$6,000,000,000. Chairman McKee added that the new Victory Loan is expected to come in April and in explaining the reasons for the loan, he said it would pay the cost of saving the lives of more than 500,000 American soldiers and thousands of our allies.

**TO SAVE LIVES.**  
"Everyone prefers to pay for prevention, especially when it saves 500,000 lives, and that is why there will be one more Victory Loan," said Mr. McKee. "No one was planning on the Germans quitting in 1918 instead of taking the knockout punch in 1919. All our preparations were made for a great 1919 finale. The Germans in the front line had discovered the unbreakable fighting qualities of our men, but it took something more stupendous to move the German General Staff."

"Before our American officers were aware of the fact that American production had produced, ready for 1918, ten times as gas for aviation as the Germans could make; a tank for every seventy-five feet of the fighting front; batteries of searchlights, and the like. Thus the lives of hundreds of thousands of Americans and hundreds of thousands more of allies were saved."

"The coming Victory Loan is to pay for saving these lives, and the fact that the bill is heavy, is because the pound of cure became a pound of prevention instead of an ounce. This fact the American people must realize today, and must look to the Victory Loan as a loyal and patriotic act as they did to the past demonstrations of the American fighting spirit. In short, the Victory Loan is to pay for the bringing back of 500,000 soldiers instead of permitting them to be sacrificed and buried in France."

### CUSTOMS PROTESTS ARE TO BE HEARD.

QUARTERLY FEDERAL COURT  
WILL BE HELD HERE DURING  
PRESENT WEEK.

Judge Charles F. McCalland of the United States Board of Appraisers, accompanied by Harry M. Farrel, assistant to the Attorney-General, and Frank Kelly, stenographer, will hold the quarterly customs court of the Federal grand jury, beginning Tuesday morning. The session will continue several days.

The proceedings of the court are confined to hearing protests of local importers and dealers against the duty levied by government agents on certain articles. The most important case on the local calendar is the objection of Japanese merchants and others to the levy of a tax of 25 per cent. on Japanese shoes, a retail and consignment imported in large quantities from the Orient. The importers hold that it belongs to the schedule of unenumerated manufactured articles and should be admitted free. It is stated that the value of the Japanese shoes imported through the local port alone is about \$45,000 annually.

Another case involves church altars imported from Italy by the congregation of Father Reardon of Long Beach. The government insists that the duty ought to be 10 per cent. as on manufactured marble, while the protestants contend that it is sculpture and should carry no duty.

**GOES TO HONOLULU.**  
Charles Slaughter, for some years connected with the office of Frank S. Johnson, special agent in charge of the United States Treasury Department, but who for the past year has been engaged in special customs work in St. Paul, St. Louis and New York, is in the city en route for Honolulu, where he goes to iron out several tangles in the customs service in the Hawaiian Islands. He will sail from San Francisco on the Ventura, for Honolulu, February 4. His wife will accompany him.

### FOR NOT REGISTERING.

Alleged Draft Evader will be Arraigned in Federal Court.

Assistant United States District Attorney Lawson yesterday filed an information against Ralph U. Brothels, charged with failure to register on June 5, 1917. Brothels is now in the County Jail. He will be arraigned in the Federal court tomorrow morning. Although war is over, it is not the intention of the authorities to condone violations of the Federal laws relative to registration. Mr. Lawson is of the opinion that the slacker ought to be prosecuted in any event. W. A. Ferguson and Peter Janisch will plead tomorrow to charges of selling liquor to soldiers and seamen, slacker, who served three months in jail in Arizona for violation of the State prohibition law, was arrested a few days ago in Los Angeles for selling liquor to two sailors.

## MUSICAL.

ARTISTIC PROGRAMMES.

MUSICIANS PLAYING DOWN TO THE PUBLIC TASTE.

By Jeanne Redman.

It is a fallacy of the traveling virtuoso, and a favorite one, that the dear public, and especially a western public, likes to hear "The Little Gray Home in the West," and "Perfect Day," from one dreary season to the next. If the artist happens to be a violinist, he plays a version of "Deep River," and a Viennese Concerto, with a few Kreisler numbers thrown in. The pianists stand up rather better, but they play the same things—a Liszt rhapsody, a Chopin waltz and a ballade, and the second Scherzo, with, if it happens to be a high-class performer, Tchaikovsky's "Jesu Christ, Elect of David." For good measure, when the interviewer asks the reason for this obnoxious, the artist invariably insists that the public wants those things, and is not equal to innovations.

The public, on the other hand, is equally certain that it will no longer listen to the above mentioned "selections," all of which it has heard, and perhaps studied, for years. The misunderstanding seems to come in with a difficulty about the class of person who pays to hear music. Anybody who goes to hear John McCormack or Paderewski, it is true, but not everybody goes to hear the less well known, but equally fine, performers who play at every year. For example, only the select few who want to hear and judge a violinist, went to hear Eddy Brown this season, and yet he played, for their consideration, the same old things. Yet the audience consisted mostly of students and musicians.

When Cortot, with the Paris orchestra, played a Liszt rhapsody, that ultimate goal of every schoolgirl and bane of every musician, I asked him the reason. "I understand that a Liszt rhapsody is the sort of thing that goes well in a community like this," he answered. And yet every musician and every representative of the local cognate exorcized him for that same choice. It is for the musician to learn something about his public, and the first thing to know is that for the most part, the audience at the local concert halls are not the proletariat, but the musical public, which is not altogether a myth.

## RUDOLPH GANZ NEXT

## PHILHARMONIC ARTIST

The second programme on the matinee series of the Philharmonic course will be given by Rudolph Ganz, at Trinity Auditorium, next Saturday afternoon, February 1.

It is doubtful if any of the great artists who have been heard in America have had a wider circle of intimate personal friends, drawn from the general public, as well as from fellow artists, as this gifted Swiss pianist. His first came to America in 1901 as Dean of Music at the Chicago Musical College; after four years with this organization he resigned to return to Europe for a short rest, returning in 1905 for his first transatlantic tour. This was opened with his appearance as soloist with the Thomas Orchestra and the Boston Symphony.

He is one of the few piano soloists who is equally popular with musician and layman alike. His vogue is somewhat explained from the fact that he is spoken of as a "regular individual," wears his hair closely clipped, is an excellent sportsman and likes nothing better than a stiff game, whether it is racing, poker or golf.

His playing is superb, a rare combination of interpretive genius and technical wizardry; the aristocratic, fascinating mastery that he wields over his chosen instrument, coupled with an ability to build excellent, all-embracing programmes, and a splendid, penetrating personality, make him one of the most popular pianists of the concert stage.

The programme for Los Angeles will include the MacDowell "Sonata Eroica," a composition which Ganz years ago brought out in this country, and a group of Chopin, including the "Fantasy," "Four Etudes," "My Joy" and "Scherzo in C sharp minor," the third group will include the classical and the most modern of the modern Debussy—"Fantasy" (Bach), "Romance in A flat" (Mozart), "Perpetual motion" (Weber), "Heroic Elegiac" (Liszt), "Reflets dans l'eau" and "L'isle Joyeuse" by Debussy, with two new Ganz numbers, "After Midnight" and "Capriccio for the Right Hand alone."

**GRAND OPERA COMING TO MAJESTIC THEATRE.**  
The announcement that the San Carlo Grand Opera Company is one of the attractions booked to appear shortly at the Majestic Theater has been received with a great deal of interest by music lovers and devotees of grand opera in this city. The company, which numbers over 100 people, will open a two-weeks season on February 24, during which some sixteen operas will be presented.

capacity on Broadway, winning the  
highest praise from the critics for  
performances of merit.

CASALS, THE SPANISH  
CELLIST, IS COMING.

Violoncellists as soloists seem to  
be more precious than tenors. Year-  
ago Manager Behrmer brought here  
Anton Hekking, who was at that  
time the idol of the public. This  
was at old Simpson's Auditorium,  
and probably few remember; all who  
do, however, will recall the sheer  
delight and pleasure afforded them  
by an entire evening's programme  
by this distinguished master. Now  
comes Pablo Casals, a Spaniard,  
whose American wife brought him  
to New York two seasons ago for a  
rest and to become acquainted with  
her people. He was sought out and  
prevailed upon to give one recital  
in that cosmopolitan city, where all  
the world comes at one time or an-  
other, and behold, the next morning  
Senator Casals woke to find himself  
heralded here as he had been  
abroad, as the greatest living artist  
on this particular instrument. This  
opinion given by the critics and fel-  
low-musicians was verified by the  
public, who have, through their un-  
failing instinct for the right thing,  
once more chosen a worth-while  
popular idol.

LOCAL ARTISTS TO BE  
FEATURED AT SYMPHONY

While the important portion of a  
symphony concert is offered, there also  
is much interest taken in the solo  
numbers. For this reason the Los  
Angeles Symphony management has  
made a point in the past two years  
of offering soloists that should rank  
up with the high standing of the  
programme offered.  
For the next concert, which oc-  
curs the afternoon of February 7 at  
Clune's Auditorium, this record is  
maintained by the presentation of the  
contralto, Anna Husana  
Sprota, whose numbers probably  
will be two—the Prison Scene (in  
English) from Meyerbeer's opera,  
"The Prophet," and "The Robin  
Woman's Song" from the new Cad-  
man opera, "Shanewis".  
The "Prophet" aria is one of the  
most noted songs for contralto. For  
just seventy years it has been a  
favorite with singers who are com-  
petent to do it justice. The "Shan-  
ewis" song is of particular interest  
as it was written in Los Angeles and  
as the first scene of this opera is  
laid in a California bungalow pre-  
sumably in Los Angeles. It is strong-  
ly localized. The aria is sung by  
Shanewis at the bungalow gather-  
ing of her benefactor.  
At this performance Mrs. Sprota  
will have the delightful piano sup-  
port of the composer, Charles Wake-  
field Cadman—which combination is  
sufficient to stir the soul and to  
reference to the Borodin symphony  
and the Bizet suite, which are to  
be played on the same programme.  
Student seats at half price are on  
sale now at No. 200 Blanchard  
Building, and the regular seats go  
on sale at Clune's box office, Febru-  
ary 2.

BARONESS HUARD AT  
TRINITY AUDITORIUM.

Baroness Huard, a woman of  
much charm, with a delightful  
speaking voice, a fine sense of humor  
and a faculty for dramatic expres-  
sion, will speak at Trinity Audi-  
torium next Friday evening, Janu-  
ary 21.  
This distinguished, internationally-  
famous woman is an American,  
daughter of Frances Wilson. Most  
of her life has been spent in France,  
where she was educated and mar-  
ried Baron Huard, an artist of the  
academy. He had gone to Paris to  
answer the mobilization call, when  
Gen. Von Kluck, with the advance  
guard of the German army, came to  
take over their lovely old castle for  
his personal headquarters.  
Fleeing in the dark, unable to  
save anything in the home, or take  
any of her personal belongings,  
Baroness Huard even lost her jew-  
els. In the hurry of departure mis-  
taking a camera box for the jewel  
case. This was not unfortunate for  
the audience later, though, as she  
illustrates her talks with lovely and  
stirring pictures taken on the scene.  
The story is one of the most vivid  
of the war, and while it has been  
incorporated somewhat in her two  
books, "My Home in the Field of  
Honor" and "My Home in the Field  
of Mercy"—she returned later and  
established a hospital station—it is  
doubly interesting when told by this  
magnetic, brilliant American woman.

MacDowell Programme.  
Four of the greatest of the seven  
arts will be represented at the next  
open programme of the MacDowell  
Circle of Allied Arts, which is to be  
given on Tuesday night, January 23.  
Prominent artists in music, sculp-  
ture, painting and the dance will be  
present, either to lecture or execute  
in their respective fields.  
This programme, which is one of

Rudolf Ganz, Pianist,  
Trinity Auditorium, Saturday after-  
noon, February 1.

the most varied as well as one of  
the most distinguished ever given  
by the circle, is to take place at the  
Hotel Ansonia, No. 2295 West Sixth  
street, under the direction of Mrs.  
Graham P. Putnam, president.  
The dance will be represented by  
Anita Day, a New York artist of  
prominence, who is to make her  
first Los Angeles appearance Tues-  
day evening. Miss Day is an in-  
novator in the dance, and her at-  
tempt is to do with that medium  
what Manet, Debussy and Whitman  
have done in painting, music and  
poetry. As Miss Day is in the city  
for other than professional reasons,  
it is probable that this will be her  
only appearance in Los Angeles for  
some time to come.  
Another artist of prominence who  
will appear is Carl Rydqvist, who  
will lecture on wood sculpture, an  
art in which he has attained a rep-  
utation of very high quality. C. P.  
Townsend, director of the Otis Art  
Institute of this city, and Roscoe  
Shrader, also of the Otis Institute,  
will talk on painting. Music will  
be supplied by a trio consisting of  
Morton Mason, organist of the First  
Presbyterian Church of Pasadena,  
piano; Reginald Hand, violin; and  
Robert Alter, cello. The trio will  
render among their numbers an  
original composition by Mr. Mason.

Resolution for Building.

The Oratorio Society of Los An-  
geles has passed a resolution to  
recommend and urge the erection of  
a Municipal Auditorium, of which  
the city is in need, the building to  
be called the Soldiers' and Sailors'  
Memorial Auditorium and to be  
paid for in part from city funds.  
The resolution to be raised through  
civic, religious, musical and other  
organizations.

Guilbert Date Postponed.

Music patrons' attention is called  
to the announcement that the Mrs.  
Guilbert recital date scheduled for  
Thursday evening, February 7, has  
been postponed to March 27. Mrs.  
Guilbert has been enjoying a most  
extraordinary season in New York,  
her series of chausson and folk song  
recitals at the Maxine Elliott The-  
atre proving one of the few genuine  
successes of a difficult season.

Oriental Music Concert.

Bruce Gordon Kingsley will give  
an oriental music concert at Tri-  
nity Auditorium this afternoon at 3  
o'clock, giving Egyptian, Persian,  
Chinese, Hawaiian, Japanese, Hindu  
and Ethiopian music. He is to be  
assisted by Mrs. Carl Johnson, who  
will sing in the gorgeous costumes  
of the nobility of China, Japan, In-  
dia and Hawaii, valued at many  
hundred of dollars, and will render  
them in the actual oriental lan-  
guages of the different countries.  
Mrs. Johnson will also play on the  
various oriental instruments, the  
Japanese koto, Hawaiian steel  
guitar, Chinese bamboo flute and  
Hindu drum. The remarkable music  
of these foreign countries will be  
most interestingly explained by Dr.  
Kingsley.

Chilling Language.

Marion, an Eastern-avenue boy,  
heard a coal wagon driver berating  
his mules in language not intended  
for children's ears. He rushed into  
his mamma exclaiming: "Oh,  
mamma, that man is losing his tem-  
perature."—[Indianapolis News.]

Powerful Light.

The amount of light given by a  
single lightning flash is sufficient to  
illuminate an area two miles  
square with an average illumina-  
tion of one candle. To produce such  
an illumination, an eminent elec-  
trician estimates the expenditure of  
1,000 horse power for one second;  
would be required—[Indianapolis News.]

STEINWAY

The Piano Used  
by the Best  
TEACHERS

The Steinway Piano  
is used by practically  
all the world's greatest  
Pianists, Vocalists and  
Instrumentalists. The  
Steinway is the piano  
found in the homes of  
real lovers of music  
and people of discrimi-  
nating taste and of  
those who purchase  
only the best.  
But even more im-  
portant, the Steinway  
is the piano used by  
the best Teachers of  
Music throughout the  
world. Needless to  
say, in teaching music  
only the best instru-  
ment should be used—  
an instrument possessing  
the truest musical quality of tone and  
the most perfect action. A lack of tone quality is a menace to the proper educa-  
tion of the fingers and hands of those learning to play. Next to a  
good Teacher, a pupil requires a good instrument.  
The Steinway is universally acknowledged the Standard by  
which all other Pianos are judged.

As we have been unable to sup-  
ply the demand for Steinways,  
it is with pleasure that we an-  
nounce the arrival of a new  
shipment.

## Spring Buds in the Millinery Garden

Buds that nestle cozily in soft folds of misty black maline—for maline is the "stuff that hats are made of"—that is, really spring-like hats. Of course there are other smart rose-buddy looking hats in our charming Millinery Section—but the "malines" are the dearest things—you can't help but love their dainty ways—of a glint of silver lace here—a soft blue bow that reminds one of a turquoise sky—or a garland of flowers there—One turban of cherry satin with a lover's knot of navy blue grosgrain ribbon—victory colors you know, is ensnaring all feminine beholders in the meshes of its blue drape veil! 19.50 this creation is!

(Hamburger's—Millinery Salon—Second Floor—Monday)

## Spring—A Season of Blouses and Skirts

Georgette for smartness—tucks, that cluster in the many sweet ways of tucks, for tailoredness—hand embroidery for beauty—flet and touches of Baby Irish so that you cannot possibly forget them—that is what blouses are made of this season!

Bobbing buttons of rose pink silk hang loosely from one of these inexpressibly pretty blouses. It has a round collar trimmed with flet and soft scalloped and little crescents of silk embroidery done by hand and it sells for 17.50—Other new ones for 15.00.

When we come to the new skirts words of expression fail us—for never has the ineffable loveliness of silk fabrics lent itself so lovingly to skirts—that is, never in our history. Here is "Fan-Ta-Si"—a silk that is like illusive dew drops glistening on the green sward a-morning—for it comes in Italian green and does not belie its name—and can't you imagine a skirt fashioned of it! "Tricolette" and "Faille" and Georgette Crepe trimmed with bands of "Fan-Ta-Si"—or with deep embroidered hems—all so lovely—in "Over Seas" blue—and "Liberty Pink" and silver—purple and silver, priced from 19.50 to 32.50. And they are positively irresistible—one fairly aches to possess them!

(Hamburger's—Second Floor—Monday)

## Drape Veils are Modish

And how charming they are when worn in that nonchalant casual manner—flung back over the hat and shoulders—or else covering some piquant chin—enhancing a lovely complexion—or in the hundred and one ways women have of wearing a chic veil! Some are fashioned of hexagon mesh with scroll design of narrow silk braid, 2.50 to 5.00.

(Hamburger's—Main Floor—Monday)

## And Marabou Scarfs

The scarfs that are cosy and warm, and yet are light as a thistle down! And those that have just been received—well—you must see them—for words are inadequate to describe their soft fluffiness—their quality—for some are trimmed with swirling ostrich—others with rows of wavy tails that look like a breath would blow them quite away. 7.00 to 22.50.

(Hamburger's—Main Floor—Monday)

## Beaded Bags from Paris

As if the name beaded bags wasn't enough to conjure up visions of delight without the added magic of Paris.

Just sent us from our Paris office—so we know that they are the latest—you'll be convinced of that fact the minute you see them—see their beaded sides of roses—of rectangles and curling scrolls—beautiful designs—and no two alike! 12.00 to 45.00.

The Canteen Cases are creating such a furore in bagdom that we can hardly think of anything else at present. They're made of vachette leather—silk lined—and only marked 7.50 to 15.00.

(Hamburger's—Main Floor—Monday)

## "Dew Kist"—The Queen of the New Spring Silks

And no queen ever had greater homage paid her than this silvery dew-kissed silk. Its beauty is beyond cold black and white print—for it comes in all the alluring spring shades—and makes up so fetchingly in spring frocks and separate skirts. It's wide, 36 inches, and only 5.00 yd.

(Hamburger's—Main Floor—Monday)

## Voiles o' Normandy

Just because they suggest the quaintness and picturesque of "apple blossom time in Normandy" these voiles are named!

And the rich simplicity of the semi-embroidered effect they give fascinate and appeal with their distinctive motif. Saxe, turquoise and Copenhagen blues—pink, reseed and silver gray, champagne, navy, steel white and black and 40 inches wide, for 75c a yard!

(Hamburger's—Main Floor—Monday)

## Liberty Voiles, Made in U.S.A.

They are so demure and Quakerish in pattern that they suggest the peace that comes with liberty and equality.

Floral and novelty striped designs—so crisp and fresh that one wants to begin stitching immediately to fashion them into new summery frocks! Only 50c, and 40 inches wide.

# Monday, Beginning Our Semi-Annual Sale Royal Regent Corsets

We've planned this Great Corset Event to more extensively introduce ROYAL REGENT CORSETS to the women of Los Angeles. Already thousands of women are wearing ROYAL REGENTS exclusively, and we feel sure that thousands more would wear no other, once they had worn the Royal Regent—hence this Introductory Sale twice a year.

The Newest Corset Modes of the Spring of 1919—beautifully finished and fashioned—You'll stand in amazement at the values when you see the quality.

## Royal Regent Corsets, 5 Styles, 2.15

A model for every figure—and of the very smartest of the new fancy pink broche that Fashion has chosen for Spring. Low bust, long skirt models or models with elastic top, as you prefer—and five styles—think of it—at 2.15!

"Royal Regent" CORSETS 2.85 "Royal Regent" CORSETS 3.65 "Royal Regent" CORSETS 4.35

Three of Fashion's Latest Models—Silk broche or lustrous satin—can you imagine such corset luxury at 2.85?

Low bust models, of course, for Fashion says so, with elastic section at the top; some heavily boned, others lightly boned.

We anticipate such a busy time that we will be unable to do any fitting for the first three days of the sale, however, expert corsetieres will give expert fittings later, if you wish. No approvals.

A Choice of Five New Models—Pink silk fancy broche and handsome satin—you'll marvel at their beauty.

Low bust and long skirt models, topless models and models with elastic tops—and think of this, all are boned with walohn!

—We anticipate such a busy time that we will be unable to do any fitting for the first three days of the sale, however, expert corsetieres will give expert fittings later, if you wish. No approvals.

Four More New Models, too!—Oh, what exclamations of surprise will be heard when women see these corsets!

Pink silk broche; low bust models, topless models and models with elastic insets, some are the new lightly boned models; walohn boning.

—We anticipate such a busy time that we will be unable to do any fitting for the first three days of the sale, however, expert corsetieres will give expert fittings later, if you wish. No approvals.

## ALMA ON HER WEDDING TOUR.

JANUARY 8, 1919.  
Near Paga-Paga, Samoa.

Oh, My Dear:

We are certainly having a thrilling honeymoon. After my last letter we struck Honolulu, a beautiful island, with a special array of three gorgeous complete rainbows circling the mountain background for our benefit—and once the pleasure spot par excellence, a festive playground. But now, you see, the government only allows rich invalids to travel, so the idyllic idylls are largely stomachically unobtainable. Being both a naval and military station, there are plenty of nice uniformed young men, but the buoyant American girl is sadly rare. It is typically American, though, for all its quiet Hawaiian name, its Japanese and Hawaiian people, its hibiscus hedges, native temples, etc. For the Governor is named McCarthy and he was formerly the chief saloon keeper and now he lives in Queen Liliuokalani's old palace. Likewise there are at least twenty "Christian" churches of different trends, a Y.M.C.A. and a Y.W.C.A., both with "drivers" on movie billboards, a city last service, big department stores, a very modern Hawaiianized American hotel, three newspapers and traffic policemen. All the American naval and military officers feel themselves exiled martyrs and yearn in sentimental meditation for San Francisco. We saw so many fallen trees and roofless houses, the result of the frightful storm a week before. We also failed to bathe at Waikiki Beach, because it was cold!

But that was the last cold we ever knew. We shed Mr. and Mrs. W. S. Post, Mrs. W. K. Parkinson, Mrs. G. A. Porter and Mr. G. T. Pabody—all of Los Angeles among the other plutocratic persons. Oh, yes, and poor, generous Mrs. "Pax" had to leave all this champagne on board as a legacy to us because Honolulu is "hot-day"—and then we sailed forth toward the equator. That means that King Neptune and his queen—impersonated by Coda Crovther and Gordon—came aboard and held an awful court-martial. They are merciless to the novice voyagers, who are tried and found guilty, shaved with a ghastly mixture of kerosene and whitewash, and thrown into the ocean with all their clothes on. The ocean is "brought on board"—a jolly swimming tank that we go in six times a day. This was my ninth "crossing the line," but I did not let on because they wanted the lady-victim so badly, and being as fat, was able to take the precaution of wearing an old linen suit over my bathing suit. All the second-class passengers and crew were invited up to our deck for the fun. I was tried and found guilty of lying and obeying my husband. I artfully pleaded guilty, not having the Nell Pendleton or Tom Lewin-pot along to defend me, and took my ducking like a heroine. I knew I would be handsomely rescued, so did not deserve the applause for bravery I won. They were not so merciful with George, whose sen-

tence called for the extreme penalty—and he hasn't got the varnish out of his hair yet! Capt. Trask, the skipper, is to sign noble certificates for us testifying that we were "dead game sports"—the other women are quite jealous of me now!

After Honolulu, only Australians are left on board besides us—the Lieutenant-Commander Dillard and his wife and baby who are to be stationed at Paga-Paga for three years, and the dear little suns I told you about. They will leave us tomorrow. We don't know yet whether they will let us land at Samoa because the du has been raging there amongst the natives. The Australians are nearly all returning warriors, decorated officers who have been through four and a half years of it. One or two have wives and babies along—babies are getting very fashionable and these soldier men are so proud of theirs.

On New Year's Eve the crew got up a jolly racket and woke up all the lazy, sleeping, unromantic passengers who thought it was a first alarm at least. But after that we just have lazy, hot, drowsy days sitting around in wickedly smoky chairs, and just waking up for a mid game of quills, a dip in the plunge, or one of the six meals a day. George is getting fat and deeper every day, if I wasn't so lazy myself I would certainly flirt with my large selection of potential warrior beaux, but even that is an effort. And besides, there's no competition. George can't give me a pang if he would. His selection is limited to five so-so wives, a fearsome lady hotelkeeper, and the veteran stewardess. I am easily the freshest thing in sight. It would be awful supporting life to exploit such obvious advantages. When George considers I need a dose of splendid masculine indifference, he goes in the exclusive men's smoking-room—and then worries horribly about what I'm up to on the lee-side deck. One of our pet sailors, when we are awake, is to get the Australians going at each other on Australian

politics. You see, they have a labor government over there and a Nationalist party, but even the latter is made up of W. Hughes, a former Labor Prime Minister, and the other labor secessionists. Hence half the Australians think Hughes is a sort of archangel of statesmanship, and the other half a mere selfish, and the other half a mere selfish, and the other half a mere selfish.

So Long, darling—give my love to Mrs. A. S. Lobingier, Mrs. Mathew Robertson, and all the other club presidents, and tell them I am already booked to tell the Australian Women's Club all about the American variety, and I shall make them all famous.

Yours importantly,

ALMA WHITAKER.

## SOCIETY.

BY VIRGINIA WOODS.

Mahlon Vail to marry Miss Howard. The most interesting bit of news in society for the week is the announcement of the engagement of Miss Irene Howard and Mahlon Vail. Miss Howard is the daughter of Mr. and Mrs. Perry A. Howard of No. 3838 Dalton avenue, and Mr. Vail is a son of the late Walter L. Vail and Mrs. Vail of No. 720 South Burlington avenue. No date has been set for the wedding, but it will probably be in the summer.

Miss Howard is a graduate of Marlborough, and has just returned from the University of California, where she was in her senior year. She is one of the most popular girls

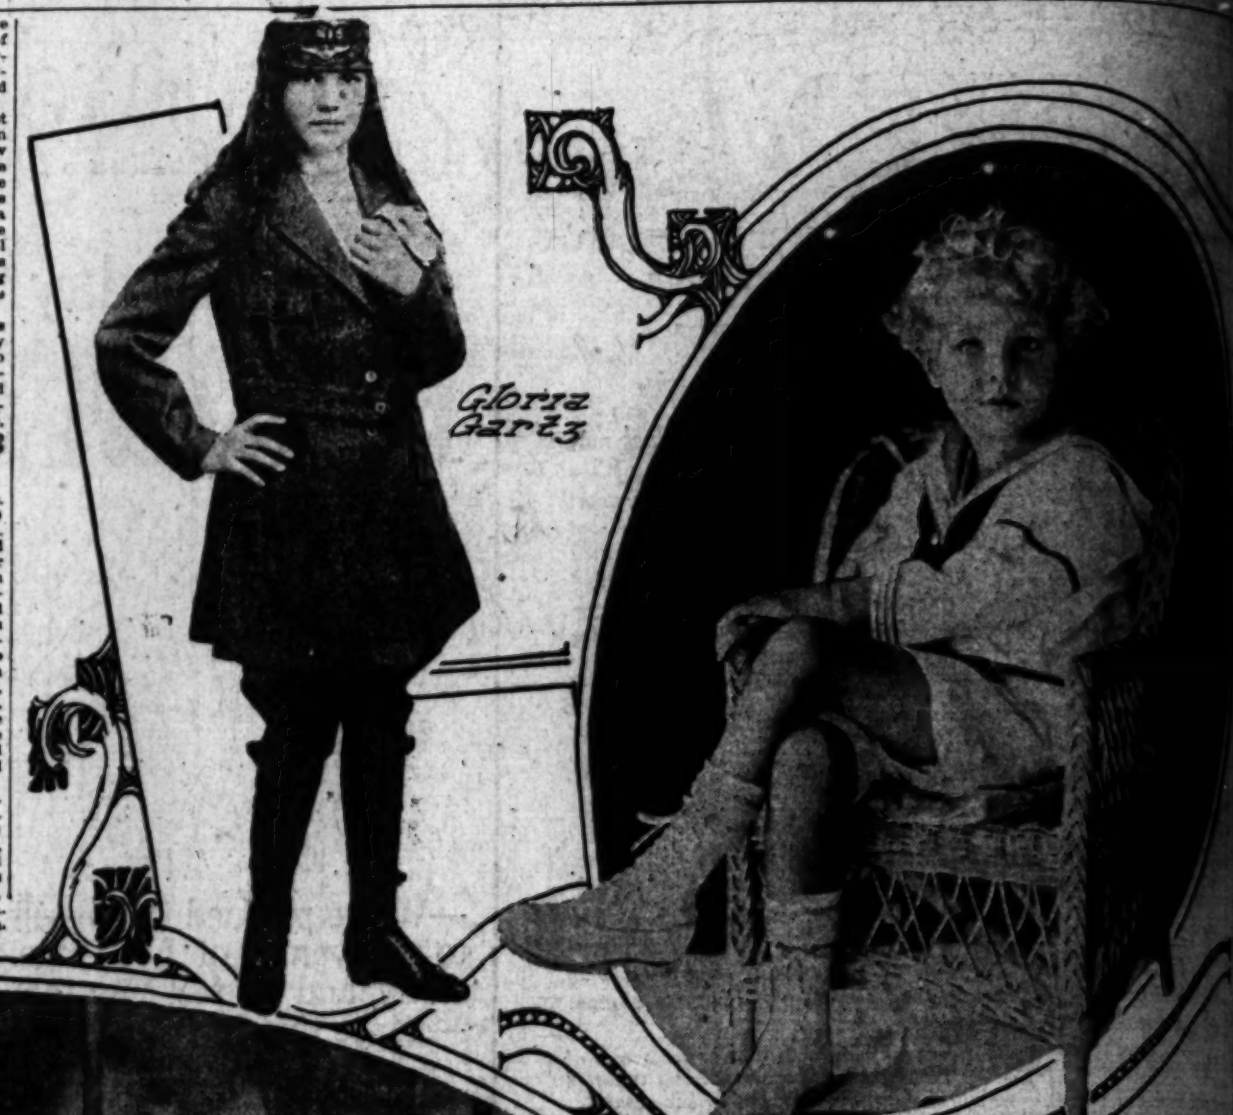

in society and is a member of the Patriotic League, from the ranks of which there have been so many marriages and engagements. Miss Howard has two brothers, Jack and Perry Howard.

Mr. Vail is one of the wealthiest and most prominent young men in Southern California. The past few years he has been manager of the immense Pampa ranch in Riverside county, owned by his family. He is a member of the Vail Company, a close corporation owning the estate of the late Walter L. Vail. The Vail family owns several large ranches and also the Metropolitan Building at No. 215 West Fifth street, where their offices are.

Mr. Vail has two sisters, Miss Mary Vail, who returned yesterday from New York, and Margaret, who is there studying music. His brothers are N. Russell Vail, manager and trustee of the Vail estate; Bert, Edward Vail, just home from France, and Lieut. Walter Vail, Jr., on the high seas homeward bound.

By Mrs. Braun. In compliment to Mr. and Mrs. Lloyd George Schults (June Braun), Mrs. Frederick William Braun of No. 3187 Harvard boulevard entertained at a handsomely-appointed dinner party last evening. The dining-room and table appointments were striking, being designed in black and white. The table was covered with a cloth of real lace over black velvet, and canopies in black and white in silver candelabra were at each end of the board. Blackbirds, brought by Mrs. Braun from Europe, balanced on each wine glass, and the monogrammed place cards were hand illuminated. A huge silver bowl filled with white hyacinths and ferns centered the table.

Plates were laid for Mr. and Mrs. Schults, Capt. and Mrs. Thomas A. J. Dockweiler (Katherine Stearns), Mr. and Mrs. Thomas Weeks Banks, Mrs. Andrew Baldwin, Mrs. Wayland Morrison (Lucille Phillips), Miss Florence Johnston, Maynard McElroy, Capt. W. A. Robertson and Louis A. Davis, the latter of Long Beach.

Gloria Garza

Norman Goss

Raymond Jr. and Frances Freer and Lawrence, Shafren and Edward Washburn.

Arthur Lavagnino

Constance Lacy

### Some Little Ones, and a Few Others.

The Freer children and the Washburn boys are the grandchildren of E. H. Story of Chicago and Altadena. The father of the two first-named is Lieut. Raymond Freer, who is with the Rainbow Division in France, while the father of the Washburn boys, Lieut. E. H. Washburn, is just back from overseas. Norman Goss also has a father, J. M. Goss of Oak Knoll, who he wishes would hurry back from France. Arthur Lavagnino is the son of Mr. and Mrs. Emanuel Lavagnino of Hillcrest drive, Oak Knoll. Beatrice Bixby is the daughter of Mr. and Mrs. Jotham Bixby of Long Beach. She has been almost as busy as her mother with Red Cross work. Gloria Garza is the daughter of Mr. and Mrs. A. F. Garza and is fond of riding and swimming. She drives her own car and entertains her numerous companions in her own swimming pool. Constance Lacy is the daughter of Mrs. Richard Lacy of South Pasadena and has had a hand in many of her mother's Red Cross ventures.

Lieut.-Col. and Mrs. Burwell were to have been in the party, but at the last moment were unable to come to Los Angeles. Following the dinner the party assembled at the Los Angeles Country Club to dance.

By Mrs. Clark.

Mrs. Joseph Kitchart Clark, who has just returned from the beach, entertained at dinner Friday evening for a group of friends (Monty friends, viz. Misses Geoffrey Lavelle, L. Harris, William Bach and Bower. Others in the party were Misses H. A. d'Achaul, William Dawitt, May Miller, C. C. Broadwater, Claud Wilson, Ellen Groshon, Ella Sutphen, J. Rose Clark, J. A. Lewis, Clark Miller and Miss Rumlair.

By Mrs. Tomblin.

Mrs. John Wesley Tomblin of No. 720 West Twenty-eighth street entertained at a bridge tea Friday afternoon. She wore a gown of black satin with overdress of

chenille. Her rooms were gay with sweet peas and palms. The shades were drawn, and soft-shaded lights added to the attractive appearance. Her guests were Misses Frederick O. Johnson, I. L. Hibbard, Alice Witter, Henry S. Cheney, Flora A. Lewis, H. P. Crawford, L. M. Bowers, H. F. Crawford, Hiram F. Norcross, C. H. Walton, C. R. Moore, W. G. Humason, Allison Barlow, Oswald Oliver, Peter H. Updyke, William E. Barnes, Clarke A. Moore, George A. Brock and L. C. Blacklee. Mrs. Moore assisted Mrs. Tomblin.

Mrs. Heffner Postpones Trip.

Mrs. Robert Heffner, who planned to go East in a couple of days, has deferred her trip until in June, the postponement of the marriage of her daughter, Miss Elizabeth Shaw, and John Dakin being the cause. Miss Daisy Danziger was asked to be bridesmaid, and as she could not go

East until her graduation, the wedding date was changed. Mrs. Heffner is a house guest of Mrs. J. M. Danziger.

Fraternity Housewarming.

To formally open their new lodge at No. 2122 South Flower street, members of the Delta Beta Tau Fraternity of the University of Southern California gave a dance there Saturday evening. The affair, too, was a reunion, as a number of the men have just returned from service after a year's absence. Present were the Misses Jennette Nelson, Gladys Crail, Catherine Barrett, Mildred Preather, Elizabeth MacLaren, Clara Stephenson, Alice von Hagen, Genevieve Albright, E. MacAlmon and Mrs. F. C. Whitney and Messrs. Bert Marston, Hal Hughes, Harold L. Brewster, Copps, Benjamin F. Stelter, Robert McAlmon, Sam McNeils, Robert Summers, Howard Bell and Lieut. Carrington.

As a preliminary to the coming college semester, a first smoker and links were held at the lodge, at which about twenty-five were present.

Return of Army Officers.

The return of Maj. Warren V. Bovard from Washington Friday has caused quite a flutter in social circles and his presence at dinners and dances is already being demanded. His mother, Mrs. George A. Bovard, is planning a succession of small dinners in his honor this week. Another officer whose return from Flanders is creating much of a stir is Lieut. Dana Hogan, who was in command of a naval aviation squadron for bombing Ostend and Zebruges. He is back at the University Club. Returning at the same time as Maj. Bovard was William Flint, and his young wife, formerly Ruth Grant. Mr. Flint, who was in an officers' training camp at Quantico, Va., is a son of former United States Senator Flint. Most of the time Mrs. Flint was with him, but visited for a time in New York. Maj. Bovard was on the General Staff under Gen. March and had his headquarters in Washington.

Receiving Congratulations.

Mrs. and Mrs. Lloyd Smith are receiving congratulations upon the arrival of a daughter, who is to be called Dorothy Jane. Mrs. Smith was Miss Dorothy Terry, daughter

Beatrice Bixby

Dr. and Mrs. Coffey.

Dr. and Mrs. Titian Coffey were honor guests Wednesday evening at a dinner party at which their hosts were Dr. and Mrs. L. M. Wills of Pasadena. Mrs. Hancock, Dr. and Mrs. Horatio Walker, Jr., shared honors with the Coffeys. Mrs. Wills entertained a day earlier at luncheon in compliment to Mrs. Robert Ingraham and her daughter, Miss Selma Pope Ingraham of Berkeley.

Landgren-Dascom Wedding.

Miss Anna Landgren of Pasadena and Myron W. Dascom of this city were married here Wednesday by Dr. F. J. Mundy of No. 1346 South San Pedro street.

By Mrs. White.

Mrs. Myra White will preside over a card tournament on Thursday afternoon, at Kramer's Studio. There will be a large guest list, the coterie being composed of fellow members of the Los Angeles Sun-Set Club. Mrs. White, who is a member of the organization, will be assisted by Mrs. Charles De Mund, Mrs. Orpha Eastman, Mrs. U. L. McIntosh, Mrs. Sophia Jacoby and Mrs. D. A. Imhoff. They will play bridge and five hundred.

By Mrs. Holbrook.

Mrs. Fred W. Holbrook was hostess, on Thursday evening, at a quaint Chinese dinner, given to compliment Miss Charlotte Cohan of Detroit. Canning Chinese girls in native costume served the meal and all the decorations, as well as the menu, were Chinese. Plates were arranged for Miss Cohan, Mrs. Frank Cohan, Miss Katherine Weir, Miss Regina Martin, Mrs. Walter Phillips, Mrs. Ralph Converse, Mrs. Jerry McQuinn, Mrs. E. P. Nussent, Jr., Miss Mary Jane Miller, Mrs. A. Winstel and Misses Regina and Bertha Winstel.

For Mr. and Mrs. Blanks.

Prof. Anthony Faulkner Blanks of the College University of New York and Mrs. Blanks furnished incentive for a pretty luncheon, at which Mrs. W. B. Scarborough was hostess, on Thursday. The affair followed Prof. Blanks' address at the Elbel Club. He and Mrs. Blanks are spending the winter at Long Beach, having just returned from a fifteen months' trip through Japan.

Mrs. Hayward.

Mrs. Henderson Hayward of No. 1531 Wilshire boulevard, is to preside at a large tea for fifty guests, on Tuesday afternoon. The personnel of the affair includes only members of the Los Angeles Chapter, United Daughters of the Confederacy, of which she is a member.

Mayor and Mrs. L. J. Wilde of San Diego have been enjoying a visit here, and on Tuesday evening they were honor guests at a dinner at the Los Angeles Athletic Club, at which Mr. and Mrs. W. O. Poor were hosts.

Mrs. Barbee Hook is convalescing from a severe attack of influenza.

Diamond Jewelry

A matchless assemblage of diamond jewelry, surpassing in beauty and brilliance any showing in the Southland, is now being displayed here. Mountings of exquisitely wrought design are a feature of this exhibit.

In purchasing a Nordlinger diamond you may be assured that the stone was selected by our experts only after the most critical inspection.

To the discriminating people of the Southwest, a jewelry requirement of any kind instantly suggests Nordlinger's. For half a century this establishment has enjoyed a reputation for dependability second to none.

returned to Berkeley to resume their work there.

Charles has a reunion of her daughters at her home this week. Those present included Mrs. Tally and Mrs. Porter, both of whom are in the city. Mrs. Porter is the wife of Santa Paula and Mrs. Ralph Cerf, with her husband, of Los Angeles.

Mr. and Mrs. Tom Galt, Jr., were Riverside visitors this week, the guests of the Galt family.

Word has been received here of the birth of a little daughter to Mr. and Mrs. Edward A. Welch in Eureka. Mrs. Welch, as Miss Nettie Daly, was a popular member of the younger set here before her marriage.

C. G. Bartlett and family and Thomas Gould and family enjoyed a barbecue at Foster Park Sunday. Another group of picnicers at the park included Mr. and Mrs. Frank Daly, Mr. and Mrs. George Gordon, and Mr. and Mrs. Collins of Dixie, Cal.

Jasper Barry, United States naval intelligence officer at Porto Ponce, Porto Rico, with Mrs. Barry, have returned to Ventura. On the occasion of their departure they were tendered a handsome dinner by the citizens. Mr. Barry being the highest naval officer in port.

ONXARD.

Capt. P. Alvin Rice royally entertained the members of the sixteenth California Military Reserve Company at a barbecue Sunday at Camp Bartlett, on the Ventura River. After the meal Attorney Charles F. Blackstock made an eloquent address complimenting the officers and members on their organization.

A merry surprise party was given in honor of Thomas Payne at his ranch home Friday evening. The affair was arranged by a number of his friends as a farewell, as the young man is soon to go to Wilmington to make his home. The guests included the Misses Mae Relish, Elizabeth Bartlett, Helen Hohl, Betty Workman, Nellie Arnold, Beatrice Wolf, Jane Keller, Gertrude Hostelman, Elsie Bright, Orma Johnson, Elbel Payne, Irene McKee, and the Messrs. Ray Botta, Fenton Moore, Blake, Payne, Alvin Hankinson, Ralph Hankinson, Earl Power, Charles Mathers, Morris Mathers,

and went in a body to the young bride's home, where they were admitted by Mrs. Carr's father and husband, she being absent. On her return she was greeted by her invited but welcome guests. After the present, which consisted of useful kitchen articles, had been opened, a social time was enjoyed, games and music taking up the evening. Miss Violet Lacy, Miss Mary Ostrander, Miss Alice Veir and Mr. and Mrs. Carr contributed to the musical numbers. Mr. Carr, in the service at Porto Ponce, San Diego, and Mrs. Carr, formerly Miss Rita Kite, were married some weeks ago, having been associated for some months in musical work in one of the Alhambra churches, where the groom was organist and the bride soprano soloist. The guests, members of the Cecilia Club, a local musicians' organization, were Miss Adele Axman, Miss Marie Putney, Miss Alice Veir, Miss Helen Rutherford, Miss Grace Lawyer, Miss Violet Lacy, Miss Eleanor Masard, Miss Nadis Schult, Miss Mary Ostrander, Mrs. C. W. Kohrer and the honoree.

Miss J. C. Jacobs of No. 1414 Orley street was hostess on Tuesday evening to the members of the J. O. C. Class of the Methodist Church in their regular monthly business and social meeting. Those present were Miss Belle Upham, Miss Grace Hunt, Miss Maude Putney, Miss Beatrice Dotten, Miss Edna Ferry, Mrs. Mildred Keith Stiles, Mrs. Grace Goodsell, Miss Mary Nicol, Miss Dora Raab, Mrs. Nancy J. Putney, Mrs. George G. Sanford and Miss Edna Kennicot.

Local young people of talent were conspicuous on the programme of the Woman's Improvement Association's regular monthly meeting Wednesday. Miss Alice Veir, soprano, sang two groups of Czech peasant folk songs, in costume, the first being the Bohemian national air, "Where is My Home?" Little Viola Crump, daughter of Judge and Mrs. G. H. Crump, gave a folk dance, the Bohemian mazurka. In costume, while folk dancing classes from the High School and the Marquette grade school both gave delightful exhibitions of their work. The main number on the programme for the afternoon was an address by Mrs.

As Most Women Know, This Store Is Different

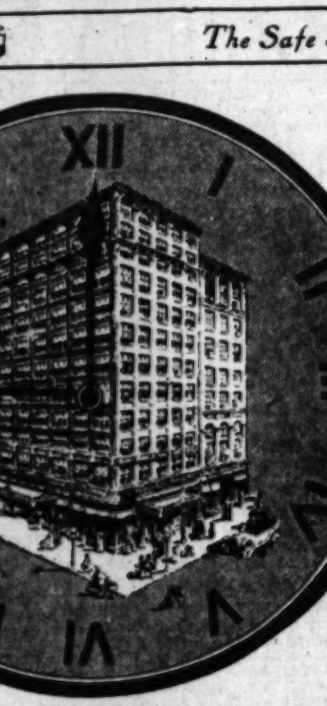

—in Style—in Service—in Dependability

—in Low Prices—in Courtesy—in Fairness

—in Hospitality

—To women who are recently come to California and to tourists, and to others, you will find that just to walk through this store is an education in styles and better business methods.

The New York, Seventh at Grand Avenue

Nine o'clock is the Golden Hour, and Monday is the Day of the Splendid Start of the Winter Wind-Up Sale, the Final Clearance Sale

—Except for a few coats, this probably will be the last clearance of the season. The bargains are so extraordinary, and the styles so good, we will be much surprised if any remain after a few days.

—And while this is a clearance sale, it is a sale of snappy, up-to-date goods. We never have had, and never will have, any sleepy or slothful merchandise, nor any old goods.

—The offerings are taken straight from the staple and best selling stocks, and the prices are cut down in the interest of Los Angeles women. Note well these facts and look over your wardrobe.

—Stocks, of course, are broken, that is the reason for the low prices, and it is not possible to give descriptions, except to say that in the suits there are splendid broadcloths, velours, mannish mixtures, silvertones, velour checks, oxfords, pin stripes and worsteds, and that there is every desirable color.

—And in the coats there are wool velours, Bolivias, silvertones, Burellas, French cloth, broadcloths, Kerseys, duvetynes, velours de laines, Pompons and Evora cloth.

—And that the choosing is especially good in the fur trimmed models. The fur is Hudson seal, nutria opossum, near seal and flying squirrel.

—And in the dresses there are serges, satins, jerseys, Georgettes, velvets and Tricolettes, for both afternoon and evening. Especially good choosing in fur-trimmed coats at all of the above prices.

# The Most for the Least

IT IS human-nature to seek the most for the least in buying home furnishings as in buying anything else. The trait is a commendable one, but it has its very serious pitfalls.

As a matter of fact, the great majority of so-called bargains in home furnishings are in reality the very opposite. A piece of furniture at a cut price is

**MONDAY**

**January 27**

*—The First of the Five Most Remarkable Selling Days in All the Annual Clearance*

*—Like the crescendo of a mighty organ prelude, the Annual Clearance comes to a Climax in the final five days of selling.*

*—Five days, by which the concentration of nearly 100 departments, like so many stores under one roof, will bring the final five days' volume of business to a figure previously thought impossible.*

*—Vast quantities of new merchandise—carloads of it, we might say, will be brought forth at new low prices—savings that cannot be denied.*

*—Here, then, we present a fitting Climax to the most intensive January selling campaign that we have ever held.*

*—It is fitting that this Clearance should come to a close in a merchandising Climax that will long be remembered.*

*—Monday, the first of these five days.*  
*—Then Tuesday, Wednesday, Thursday, to end on Friday with a selling effort that will surpass any single mid-week selling day in all the sale.*

*—Four pages—but what are four pages? If we were to use eight pages, or sixteen pages, or twenty-four pages for this message, it could not begin to carry its full importance! Compared with the multitude of opportunities that this event holds forth, it would still be insignificant.*

*—Four pages, each one of which is fairly overflowing with possibilities.*

*—The Climax of a month of supreme effort that will herald economies to every home in Southern California.*

*—This is your invitation to attend.*

*—All prices mentioned here are for Monday and Tuesday, while quantities last.*

*—New opportunities will come forward with each day of this five-day Climax—Read and preserve this announcement. Use it as a shopping guide.*

### RECIPE FOR CORNS

Here is a Simple Recipe That Will  
Take off Corns Without  
Pain or Danger.

It not only is useless, but painful  
and dangerous to cut off a corn. It  
is just like hair on the face. The  
more you shave it off the faster it  
grows out.

You can remove them in the privacy  
of your own home without pain  
or danger. Simply get a small bottle  
of Cactus Corn Compound, at any  
drug store, and paint the corn with  
it. In a few days the corn will come  
off without any pain, and no sore  
feet to interfere with your work.

A bottle of Cactus Corn Compound  
costs only a few cents and is enough  
to take off dozens of corns. Full di-  
rections come with each bottle. Any  
druggist will refund your money if  
you are not satisfied.

**FULLERTON.**  
Mrs. and Mrs. W. T. Gentry of  
East Wilshire avenue, were given  
a surprise on Tuesday evening, by  
a host of friends in celebration of  
their thirtieth wedding anniversary.  
Games and music furnished the eve-  
ning's amusement, and the main  
surprise of the evening was a large  
wedding cake bearing the dates  
"1889-1919". The cake contained  
thirty candles. The guests were:  
Mr. and Mrs. E. L. Ranney, Mr.  
and Mrs. L. P. Drake, Mr. and  
Mrs. N. Fuller, Mr. and Mrs. Fred  
Klahm of Orange, Mr. and Mrs. J.  
L. Marshall, Mr. and Mrs. W. H.  
Daniel, Mrs. Barrows, Misses Max  
well, McAdow, Ranney.

**MONTESANO.**  
A pleasant affair of recent date  
was the annual dinner of the Hill-  
side Club, which was given at the  
home of Mr. and Mrs. Harry Os-  
wald. It was an elaborate spread,  
with house and table decorations in  
keeping with the festive occasion,  
and was followed by a theater party  
to Los Angeles, the latter feature  
arranged as a surprise for the mem-  
bers of the club members. Those  
who participated in the evening's  
pleasures, were Mr. and Mrs. Os-  
wald and daughter, Rose, Mr. and  
Mrs. W. D. Stephens and family,  
Mr. and Mrs. H. H. Hinesman and  
daughter, Helen, Mr. and Mrs. E. A.  
Williams, Mr. and Mrs. J. H. Pres-  
cott, Mrs. Lovada Ralph and fam-  
ily, Mr. and Mrs. F. Thill and Mr.  
and Mrs. H. H. Smith, who are  
spending the winter with Mr. and  
Mrs. Thill.

**ANAHEIM.**  
Mrs. A. B. McCord was hostess  
to the Wednesday afternoon Five  
Hundred Club last week. The  
spirited game of cards resulted in  
Mrs. T. F. Morgan winning high  
score. At 5 o'clock a prettily ap-  
pointed luncheon was served.  
Patriotic decorations, place cards  
and favors prevailed at the 1 o'clock  
luncheon given by Mrs. Grace Ad-  
kins at her home on East Center  
street on Wednesday afternoon,  
when she entertained for the mem-  
bers of the Wednesday Afternoon  
Bridge Club. Covers were laid for  
twelve. Mrs. H. O. Henderson was  
awarded first prize and Mrs. W.  
Jackson second.

Miss Lillie Johnston was hostess  
at a most enjoyable affair on Friday  
evening, when she entertained the  
members of the Intermediate Y.P.  
S.C.E. of the Presbyterian Church  
and their invited guests. Those  
present included Misses Natalia Per-  
domo, Sophia Kohlenberger,  
Blanche Pulverer, Emma Owens,  
Margaret Black, Jessie Coons, Mar-  
garite Schneider, Messrs. Lloyd  
Ross, Dean Raikes, Lawrence Mills,  
Richard Crawford, Russell Renna,  
James G. Griffin of Arcadia, who is  
a guest here, also several of the  
C. Hartman, Mr. and Mrs. William  
Wickett, Mr. and Mrs. W. T. Wal-  
lop, Mrs. J. J. Perdomo, Margaret  
Hagtrant, and Agnes and Jessie  
Johnston.

**POMONA.**  
Many Pomona friends learned  
this week of the marriage last Sat-  
urday of Henry L. Messick, well-  
known Pomona man, and Mrs. Elda  
A. Pickell of Long Beach. The  
ceremony was performed by Judge  
Cox in Santa Ana. Following a short  
wedding trip, Mr. and Mrs. Messick  
returned to Pomona, and are now  
at home at No. 519 South Park  
avenue. The bride is a former resi-

dent of Albany, Or., having only  
recently come to Long Beach. Mr.  
Messick, who is also a former resi-  
dent of Albany, came to Southern  
California thirteen years ago, having  
made his home in Los Angeles, La  
Verne and Pomona.

**SANTA ANA.**  
An interesting talk on flower  
culture by Kiyo Sui Inui, a distin-  
guished Japanese lecturer and  
scholar, and his wife, and a flower  
dance in costume by their dainty  
little daughters was the big feature  
on the Kiyo Inui program, Saturday  
afternoon. Mr. Inui is secretary  
of the Japanese Society of America.  
A number on the program was a  
vocal solo by Mrs. Emeline Lord.  
Members of the Martha Wash-  
ington Club were entertained Wednes-  
day afternoon by Mrs. E. L. Hoffe,  
fancy work being one of the diver-  
sions. Guests were Misses E. M.  
Turner, G. E. Peters, C. E. Jasper,  
John Zimmerman, G. E. Decker, Al  
Burns and I. A. Mechem.

Announcements engraved in  
gold which they sent to friends,  
told of the golden wedding anniver-  
sary Tuesday of Mr. and Mrs. John  
D. Allen, residents of Santa Ana  
since 1887. Owing to Mrs. Allen's  
illness, no formal celebration of the  
event was held. They were married  
in Springfield, O.

Miss Ada Borden was hostess  
Tuesday evening to the Progressive  
Book Club, guests being the Misses  
Scott, Oliver, Theodora, Frances  
Becher, Carrie Miller, Frances  
Lapum, Vanche Plumb, Lottie  
Sweet, Hester Covington, Artie  
Cleveland and Mr. and Mrs. A. C.  
Black.

With Henry Doran as president  
and Mrs. Charles C. Widner sec-  
retary, the Bible Lovers' Club has  
been organized at the South Metho-  
dist Church.

**ORANGE.**  
News has been received here  
of an interesting wedding at Econ-  
dido, in which the groom was Nor-  
man E. Humphrey, who was long a  
resident of Orange, and who was  
born in this city. His bride is Miss  
Fannie E. Everett, and the officiat-  
ing clergyman was Rev. Robert E.  
Wright of the Methodist Church.  
The wedding ceremony took place  
shortly before noon, and a beauti-  
fully appointed wedding dinner was  
served at the noon hour, prior to the  
departure of the newlyweds for  
Anaheim, where they will reside.  
Mr. and Mrs. H. D. Nichols en-  
tertained with a charming dinner at  
their Villa Park home on Saturday  
evening, plates being laid for Mrs.  
Emma T. Lee, Miss Estelle Urschel,  
Miss Elizabeth Lee, Miss Grace Ellen  
Lee and the host and hostess.

**DUARTE.**  
With the enforced social  
quietude of the past few weeks, the  
young people have found a deligh-  
tful outlet for their sociable spirits  
in camping parties and all-day pic-  
nics. Fish Canyon, San Gabriel and  
San Antonio camping places have  
been the prime favorites, and the  
ideal winter weather has made the  
outing conditions perfect.  
The young men of Duarte, who  
have been in the service, are gradu-  
ally returning and being heartily  
welcomed in home and social cir-  
cles. Lieut. Arthur Gordon Mad-  
dock has received his honorable dis-  
charge from Camp Eustis, Va., and  
is at home. James Bialn also ar-  
rived at the home of his parents,  
Mr. and Mrs. A. F. Bialn.  
Thursday afternoon, Mrs. D. M.  
Barr entertained with an old-fash-  
ioned quilting party at her home  
on Buena Vista avenue.

**GLENDALE.**  
Dr. and Mrs. E. Leslie Eames  
of No. 1842 Gardena street entertain-  
ed at their week-end guest Mrs.  
Johnstone, an old friend from Tel-  
haride, Colo. On Tuesday evening  
their dinner guests were Lieut. Clay-  
ton Pollard and Lieut. Archie  
Brusce, who have just been dis-  
charged from Vancouver Barracks  
and are en route to their homes in  
Denver. Mrs. Emil Thayer was also  
their dinner guest the same evening.  
Mr. and Mrs. H. E. Bartlett, of  
Brand boulevard motored to Pomona  
Sunday to spend the day with Mrs.  
Bartlett's brother and family, who  
have their home there.

Mrs. Theodore Hunter of Vancou-  
ver, B. C., is spending a month's  
visit with her parents, Mr. and Mrs.  
W. D. Haywood, who are at No. 218  
Mifflin street.

Mrs. J. M. Border of No. 217  
North Louise street returned to her  
home last Monday after visiting with  
her sister, Mrs. P. M. Peterson, at  
McFarland, and friends in Chow-  
chilla.

Miss Margaret Hauber, who is a  
graduate of Glendale Union High  
School and at present is the as-  
sistant musical instructor at the  
University of Southern California,  
was the week-end guest of Miss  
Dorothy Hunt at her home on East  
Harvard.

Mrs. Glenwood Jones was hostess  
to a number of her lady friends last  
Wednesday afternoon at her home  
on Ivy street.

Miss Lois Duncan, daughter of Dr.  
Duncan of San Fernando road, re-  
turned to her work at the Brea  
school, which has been closed for  
some time because of the epidemic,  
but is now open again.

Miss Gail Hamilton of West Gar-  
field, with her sister, Mrs. W. Culp  
of San Bernardino, spent the week  
at Redondo Beach with their aunt  
and uncle, Mr. and Mrs. Roy Towers.

Messengers have been received by  
friends of Jessie H. Flower that he  
arrived in New York January 15.  
He expects to be sent to Camp Mills  
before coming home to be dis-  
charged.

Mrs. Alice Myton Linebaugh of  
Hutchinson, Kan., was the guest  
of Mrs. J. Myton of Merland avenue  
for a few days, but she is now liv-  
ing at the Ansonia apartments in  
Los Angeles, where she will stay for  
the winter.

Mr. and Mrs. G. H. Rowe of Or-  
ange street entertained Mr. and Mrs.  
L. L. Lutton of Van Nuys at dinner  
last Sunday. On Wednesday evening  
their dinner guests were Mr. and  
Mrs. Murray of Los Angeles, who

## ---A Carload of New Sturgis Wicker Baby Carriages

If there is a baby whose health and comfort are  
precious to your heart, and whose contented merri-  
ment is music to your ears, we think you will find an  
eloquent message in this rare display.

Sturgis Wicker Baby Carriages are ac-  
ceptedly superior, not only in style and  
beauty, but in healthfulness and comfort,  
too.

The springs, exquisitely balanced and  
buoyant; the downy cushions; the easy,  
rubber-tired wheels—all protect delicate  
baby nerves and tender baby bodies from  
injurious shocks and jolts and rude  
awakenings.

And the Sturgis hood, adjustable to  
afford perfect shade under all conditions,  
is provided with a detachable fabric wind-  
shield.

Our two dozen or more styles embrace  
both Gondola and Pullman carriage  
some in new color effects that are cham-  
ping.

Faithfully woven of natural or imi-  
tated reed, they are lustrously enameled in  
ivory, deep ivory, snow-white, royal  
blue, Nile green and soft gray finishes—  
smart upholstery of Copenhagen or  
royal blue, Nile green, gray or  
white.

With our complete line of COLLAP-  
SIBLE CARRIAGES also of this fine  
make, it is little wonder many people  
call Barker Bros. HEADQUARTERS  
FOR STURGIS BABY VEHICLES.

Congress May Decide  
for Four or Five Years  
Says Situation

BY JAMES  
SPECIAL C

WASHINGTON, Jan. 26. —  
The group of Washington, who  
are to testify the American pub-  
lic, War has done that much  
for the nation.  
Those born in other lands will co-  
operate to hold public offices in  
the United States, not because they  
are chiefs within their respec-  
tive countries for the reason that the  
entirely for Americans.

of the statement is bold  
and that a law will be passed  
regarding immigration for a defini-  
te period, not because they are  
not for five years, that the  
United States may learn the facts  
of the world's changed conditions.  
A bill to that end is now  
before the House in the thoughts of  
Representative Burnett, Representative  
from the State of Alabama,  
chairman of the Committee on Im-  
migration and Naturalization. He  
has introduced the recent law  
which allows from entering the  
country and has spent fifteen years  
studying the immigration

BOLSHIEVSKI ON WAY.

It has been known by every in-  
sightful and observant American  
for years that the Bolsheviks  
were coming into the country. They  
are coming today over the  
Russian frontier and Mexican  
frontier. Their name, however,  
has been changed to Bolshieviki  
in the United States. The Bolsh-  
ieviki are coming. If law does  
not stop them, many wise men in Wash-  
ington fear there will be trouble in  
the United States.

The statements already made and  
made in the article are not  
for an understanding of the  
Bolsheviks, who explain what  
they are doing. They are  
gravelly thinking about one  
of the real dangers of peace. Open-  
ing between nations has ceased  
to be a warfare against society in  
general and American has taken its  
place.

The Bolshieviki, it ought to be un-  
derstood, have adopted the revolu-  
tionary doctrine of Pierre Joseph  
Proudhon, who taught that property  
should be occupied by all men; that  
the only way to give way to per-
